

REMOTE LEARNING LESSONS WEEK 3 AND 4 MONDAY, MARCH 30th-WEDNESDAY, APRIL 8th

As you know, we will be continuing remote learning for the next two weeks before spring break, and I wanted to let you know of a few changes from what we have been doing.

Most importantly, all lessons and resources that the students will need will be explained in **GOOGLE CLASSROOM**. The students are already using **GOOGLE CLASSROOM**, but if you're still having trouble navigating, please see my class page or email me directly so that we can talk you through it. You do **NOT** need to use any lesson plans or resources that come through the district's remote learning plans. I have studied and followed their directives and designed plans to best suit my third graders' needs going forward.

- **MATH:** Lessons and assignments will now be done on the Pearson website. The students will be watching lesson videos and completing practice assignments online. We have used this site many times in class and the students are familiar with how to navigate the site. (gmail, "waffle", easybridge, classes, click on the assignment).
- **LITERACY:** Students will continue to complete **PERSONAL DICTIONARIES AND READING LOGS** each day and turn them in each day via **GOOGLE CLASSROOM**. All worksheets will be attached to the assignment, the students can type on them, and turn them in. There is to take **NO NEED** to take pictures or print them out unless you want to for your own records.
 - I am going to start using a book that I would be using in the classroom as a read aloud. I would like each student to have a copy of ***BECAUSE OF WINN DIXIE* by KATE DICAMILLO**. The book is available for **FREE** on [Tumble Book Library](#). Click

“tumble search” and type the title in the search bar. It will come up as an ebook each time you need it.

**** Other ebook resources are listed on Ms. Hogan’s class page. You are welcome to get the book any other way that is available to you, but no need to spend money. We will be doing read alouds on flip grid, assigning some at home reading, and asking questions about the book to be completed on an attached google doc.

- I will sometimes also use sites like **Linkit** and **Raz-kids** for reading assignments as well.
- **WRITING:** We are going to begin our next unit, Baby Literary Essays. All of the information you will need can be found in the Writing Assignments in Google Classroom. This may be a bit challenging for us to get through, but we will get through it together.
- **SOCIAL STUDIES & SCIENCE:** We will no longer be using the social studies reading log or the same science pages we have been using. Please consult **GOOGLE CLASSROOM** every day for those assignments. We will be utilizing more videos, hands on activities, and attached worksheet questions to be completed.

Please feel free to email me with any questions and remember to consult **GOOGLE CLASSROOM** and my class page as often as possible for assignment information. I miss you all! I am so proud of all of you & the work you’ve been doing for me.

Mrs. Glushko
