Section 1: Jackson School District Policies

These are some important policies that must be read and understood by parents and students. They can be read in full in the Appendix at the end of this document. All district policies are available on the district website.

Policy 2361 - Acceptable Use of Computers Policy – See Appendix

An Acceptable Use Policy Parent/Guardian Permission Slip is given to parents at the beginning of the school year. See the Appendix for the full policy.

Policy 3283 – Electronic Communications Between Teaching Staff Members and Students

The Board of Education recognizes electronic communications and the use of social media outlets create new options for extending and enhancing the educational program of the school district. Electronic communications and the use of social media can help students and teaching staff members communicate regarding: questions during non-school hours regarding homework or other assignments; scheduling issues for school-related co-curricular and interscholastic athletic activities; school work to be completed during a student's extended absence; distance learning opportunities; and other professional communications that can enhance teaching and learning opportunities between teaching staff members and students. However, the Board of Education recognizes teaching staff members can be vulnerable in electronic communications with students.

In accordance with the provisions of N.J.S.A. 18A:36-40, the Board of Education adopts this Policy to provide guidance and direction to teaching staff members to prevent improper electronic communications between teaching staff members and students.

Please see the full policy in the Appendix for a list of acceptable protocols and reporting requirements.

Back to Top

Policies 5350 and 5351 - Student Homicide/Suicide – See Appendix for Full Policy

Students are encouraged to notify a teacher, guidance counselor or principal if a classmate makes a statement leading them to believe that the classmate may do some harm to himself/herself or anyone else. Student confidentiality will be guarded to the greatest degree possible.

As you may or may not be aware, childhood suicide is a growing national concern. We in the Jackson School District are fortunate to have a policy in place, which utilizes the expertise of our professional staff. These personnel will intervene in the event that a child makes statements or takes action that may imply that these thoughts are present. After a child has been seen, parents will be notified. Further intervention may be necessary. See the full policies in the Appendix.

Policy 5512 - District Policy Against Sexual Harassment, Harassment, Intimidation, and Bullying -- See Appendix for Full Policy

The Board of Education prohibits acts of harassment, intimidation or bullying. A safe and civil environment in school is necessary for pupils to learn and achieve high academic standards. Harassment, intimidation or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a pupil's ability to learn and a school's ability to educate its pupils in a safe environment; and since pupils learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation or bullying.

It is important to note that this policy applies to all acts of harassment, intimidation and bullying that occur on school property, at school-sponsored functions, on a school bus and, as appropriate, acts that occur off school grounds pursuant to N.J.S.A. 18A:37-14.

The complete policy (Policy 5512) can be found at the Administrative Office, 151 Don Connor Blvd., Jackson, NJ, or on the district website. It is also included in the Appendix of this Handbook.

Policy 5516 - Remotely Activated Paging Devices/ Cellular Phones – See Appendix

A pupil is not permitted to have turned on or use an Electronic Communication or Recording Device on school grounds during the school day or when the pupil is participating in a curricular or school-sponsored co-curricular activity. cameras, cellular and wireless telephones, pagers/beepers, laptop computers, electronic readers, personal digital assistants (PDAs), two-way radios, portable fax machines, video broadcasting devices, and any other device that allows a person to record and/or transmit, on either a real time or delayed basis, sound, video or still images, text, or other information.

Policy 5530 – Substance Abuse - See Appendix

The Board prohibits the use, possession, and/or distribution of alcohol or other drugs on school grounds according to N.J.S.A. 18A:40A-9, 10, and 11. A student who uses, possesses, or distributes alcohol or other drugs will be subject

to discipline in accordance with the district's Code of Student Conduct. School authorities also have the authority to impose a consequence on a student for conduct away from school grounds in accordance with the provisions of N.J.A.C. 6A:16-7.5. Discipline may include suspension or expulsion. The Board will establish consequences for a student not following through on the recommendations of an evaluation for alcohol or other drug abuse and related behaviors.

See Appendix for full policy.

Policy 5600 – Pupil Discipline/Code of Conduct – See Appendix for Full Policy

Policy 5610 – Suspensions

Extreme misconduct of multiple violations of basic school rules and regulations may result in the student being suspended from school. He/she is also forbidden to attend any school function held during the time he/she is under suspension.

Students are encouraged to notify a teacher, guidance counselor or principal if a classmate makes a statement leading them to believe that the classmate may do some harm to himself/herself or to anyone else. We understand emergencies do happen and occasionally plans change. We appreciate your keeping these disruptions to a minimum and encourage using the privilege of school bus transportation.

If you must sign your child out, please send a note to the child's teacher to inform them. General School Rules

1. Students will show respect for all adults and their fellow students without exception.

3. Physical aggression, verbal abuse, and/or profanity toward a fellow student or adult is not accepted or permitted for any reason.
4. Students are to enter, leave, and move through the building in an orderly manner. Running is not permitted.
5. Students are not to bring any inappropriate items that are not associated with classroom curriculum.

Students are expected to make good choices about their conduct and to behave in an orderly, courteous manner at all times. In the event a student acts inappropriately, there will be consequences in order to make it clear that this behavior is not acceptable and will not be tolerated. Bullying and dangerous student behavior on school grounds or on school busses will be punished.

When necessary, a student may receive LUNCH DETENTION. During the assigned time the student will sit alone, in the cafeteria, to eat lunch. Three or more lunch detentions can result in student removal from school activities such as a trip and/or special activity. In the event of an administrative discipline parent/parents will be notified.

Absences

When a child is absent, please send a note explaining the absence upon his/her return. If the absence is for more than three (3) consecutive days, please call the school nurse at 732-833-4630, Extension 4771. Any absence from school interferes with the education process. We request that parents try to avoid unnecessary absences

Birthday Party Policy

Birthdays will be celebrated at lunchtime in the cafeteria. You can deliver your treat to the receptionist or send it with the birthday child. Students may not hand out party invitations to students in class. You will be asked if you want your name, address and e-mail to be put on a class distribution list and each child will be sent home with the list so invitations can be mailed or hand delivered outside of school.

Because of the risk of anaphylaxis due to allergic reactions, non-edible items, such as a pencil, a puzzle, a small book, etc. are strongly encouraged for these celebrations. This allows all children to participate and helps minimize health concerns. If you choose to send in a snack, please consider a healthy snack. Also please note that all items sent must be in **individual portions** so that the child can easily distribute to classmates. Ice-cream cakes and whole cakes cannot be accommodated by the food service staff.

Different Bus

WE ARE NOT ABLE to grant requests for students to ride any bus other than their assigned bus to and from school.

Drop-Off and Pick-Up of Students

(Procedures should be followed as per Child Care Guidelines.)

Tardy students (arriving after 9:35 AM) will need to be signed in by a parent with the receptionist.

Encourage your child to walk to and from school, in a group, or in pairs, to increase their safety.

PICK-UP/DISSMISSAL:

No vehicles are permitted to enter the front ramp between 3:00-3:30 AM for safety purposes.

All walkers will be released from the first grade entrance located adjacent to the CST/Music Trailer.

Walkers- 3:35 P.M. (or after the last bus and van have departed)

At the end of the day, all parents are requested to wait outside the building until their child is dismissed. Please wait away from the doors to allow the students room to safely exit the building. If in an emergency, you must go to a child's classroom, you must sign in at the receptionist's desk with a valid ID to obtain a visitors pass.

Parents are requested to park in the parking lot in the rear of the building. Please honor the "No Parking" areas on the streets surrounding the school. Parking on the corners creates a dangerous situation for buses, vans, and for the students crossing the streets. Do not pull into the front driveway. This area is reserved for vans and buses. Do not pull into and block the teacher parking lot. This is not an authorized parking area or drop-off area. Please park in the parents' lot to drop off students. When leaving the parking lot watch for children who may be crossing the driveway.

You Would Like A Message Delivered To Your Child

In case of an emergency, give the message to the school secretary and it will be transmitted to your child.

Early Dismissal/Releasing Students To Parents/Guardians, Etc.

It is school policy that a signed note is required to give permission for your child to be released to another parent/relative/friend. When taking your child out of school during the school day, the parent/relative/friend must sign the child out with the office. Please send a note to the teacher when you intend to pick up your child prior to dismissal. Pick-up should be prior to 3:00 pm.

Anyone picking up a child must be prepared to show positive identification. This is a safety precaution to protect your child. Please adhere to this policy. Children will not be released to any individual without a note OR not on the emergency card.

Emergency Closing Due To Inclement Weather – Early Dismissal

Our district website – www.jacksonsd.org – is an excellent first resource for school closings, although the frequency with which we can update this site during inclement weather varies (due to possible power outages)

Tune your television to NEWS 12 NEW JERSEY - Channel 12

WJRZ 100 FM

WOBM 92.7 FM and 1160 AM

WJLK 94.3 FM and 1310 AM

Please do NOT e-mail the district to ask whether the school is closed.

Lunch Is Left Home

Deliver the lunch or lunch money to the school's receptionist. The lunch or lunch money will be delivered to your child.

Personal Property, Money and Valuables

Any monies should be brought in an envelope with the student's name and teacher's name clearly indicated. Radios, tape recorders, cameras, I-PODs, Game boys, and large sums of money should NOT be brought to school. Our school has a "lost and found". If an item is not recovered, please check with the main office.

The school, in order to provide a safe environment free of distractions to the educational process, will confiscate any item that is deemed dangerous or disruptive. Items of disruptive nature will be held by the teacher in a secure place and may be returned to the student at the end of the day. An adult will send all items that are believed to be unsafe, dangerous, or destructive to the office. If appropriate, the police or district security will be notified. Otherwise, the parents will be notified to pick up the article at school. If not claimed by the end of the year, it will be discarded. If such behavior continues, the home will be notified and a parent conference may be scheduled.

Reentry Into The Classroom After School Hours

Students sometimes forget books, assignments, or other items necessary for homework completion. However, for the safety of our school, please note that students and/or parents may not re-enter the school after students have been dismissed for the day. Please consider is this a critical item, will a note to the teacher suffice, and can the child benefit by surviving the consequences? Chronic forgetfulness needs to be addressed with your child's teacher. Occasional forgetfulness is something that happens to the best of students.

Safety Assurance

This is a safe and secure building. We ask your patience and cooperation with our policies and procedures. We welcome you to our school; however, please know that the safety of our children is a first priority. During the school day, only the main entrance doors are open. (All other entrances are locked). Parents must report to the receptionist's desk or the office to sign in and obtain a visitor's pass before visiting a classroom or any other part of the building. Picture identification must be shown at sign-in area. This pass must be prominently displayed. This includes arrival and dismissal times. Parents are not to enter the building to wait for students at the end of the day. All parents must wait outside the building unless they have signed into the school and have obtained permission to go to their child's classroom. For safety reasons, please refrain from bringing younger siblings to classroom activities/parties during the day.

Homework assignments should serve several purposes:

1. Homework should be a properly planned part of the curriculum, extending and reinforcing the learning experience of the school.
2. Homework should help children learn by providing practice in the mastery of skills, experience in data gathering and integration of knowledge, and an opportunity to remediate learning problems.
3. Homework should develop the pupil’s responsibility and provide an opportunity for the exercise of independent work and judgement.

Time Limits

It is difficult to set time limits on homework, since students vary greatly in their rate of speed when working. In addition, the home environment may, or may not, encourage a concentrated effort. The following suggested times represent the maximum amount of time that a student should be spending on homework, for the average student. No daily homework assignments will be made prior to the weekend or preceding a school holiday. However, teachers may assign long range projects, which students may choose to work on over a weekend or school holiday. Teachers will provide ample notification about any long range projects or tests, so that students can prepare in advance. Independent reading for all students on a daily basis is encouraged to strengthen essential reading skills.

These are the suggested maximum time limits for each grade level.

Kindergarten	10 minutes – Four times a week
1 st Grade	15 minutes – Four times a week
2 nd Grade	20 minutes – Four times a week
3 rd Grade	25 minutes – Four times a week
4 th Grade	30 minutes – Four times a week
5 th Grade	35 minutes – Four times a week

Parents should communicate with their child's teacher, so that necessary adjustments can be made and the homework load can be adjusted.

Illness Policy

A student who becomes ill at school is sent to the Health Office. If it becomes necessary to send your child home because of illness, you will be notified and requested to provide transportation. Please keep your emergency numbers current.

Work Missed Due to Student Illness

If a student is absent from school and the parent would like to request any missed work, then the parent should call the office to request any missed work before 10:00 AM. This will ensure that the teacher has enough time to gather the work and submit it to the main office by the end of the school day. Any request that is made after 10:00 AM will require a 24 hour time period to organize any missed work.

Absence Due to Family Vacation

It is preferred that student school attendance remains a family priority. It is acknowledged that circumstances within families sometimes necessitate a vacation when school is in session. When the vacation is anticipated, the teacher should be notified well in advance. When your child returns to school they are responsible for the material that they missed. Any significant missed work will be assigned for completion within a reasonable time frame. During a student's absence, the Class Webpage can be referenced for topics that will be covered, however, teachers do not provide work in advance. Instead, independent reading, writing in a daily journal, and/or review of math facts can be encouraged.

Student Dress Code

Restrictions on freedom of students dress will be imposed whenever the code of dress in question is unsafe either for the student or for those around him/her. Or whenever it is disruptive of school operations and the educational process in general.

Specifically:

1. Students will not wear hats, caps, or other head coverings in the building.
2. No clothing, jewelry, or item that promotes violence, bigotry, profanity or use of a restricted substance.
3. Jewelry and clothing should not restrict movement, be distracting or cause a safety hazard to oneself or others.
4. No micro-mini skirts will be permitted. Skirts/shorts must be no shorter than mid-thigh in length. No boxers, spandex shorts or cut off shorts will be worn.
5. No torn or tattered clothing.
6. All students must wear shoes at all times for safety and health reasons. No flip-flops or open-toed foot wear are allowed.
7. Students should not wear outer clothing in the building.
8. All shirts should cover students' shoulders, backs and come down to the waistline.

9. Tank tops and backless shirts are not permitted.

Transfers

When a family plans to move to another school district, a transfer card must be made out for each child. The following information should be given to the office at least one week in advance if possible: name, address, name of new school, the last day of attendance in Jackson.

The following policies are mandated to be included in our student handbooks.

These policies as listed in this appendix are current as of the first day of school.

However, there may be updates to these policies during the school year.

You are encouraged to visit our district website to view these and ALL of our district policies.

The Board of Education recognizes as new technologies shift the manner in which information is accessed, communicated, and transferred; these changes will alter the nature of teaching and learning. Access to technology will allow pupils to explore databases, libraries, Internet sites, and bulletin boards while exchanging information with individuals throughout the world. The Board supports access by pupils to these information sources but reserves the right to limit in-school use to materials appropriate for educational purposes. The Board directs the Superintendent to effect training of teaching staff members in skills appropriate to analyzing and evaluating such resources as to appropriateness for educational purposes.

The Board also recognizes technology allows pupils access to information sources that have not been pre-screened by educators using Board approved standards. The Board therefore adopts the following standards of conduct for the use of computer networks and declares unethical, unacceptable, or illegal behavior as just cause for taking disciplinary action, limiting or revoking network access privileges, and/or instituting legal action.

The Board provides access to computer networks/computers for educational purposes only. The Board retains the right to restrict or terminate pupil access to computer networks/computers at any time, for any reason. School district personnel will monitor networks and online activity to maintain the integrity of the networks, ensure their proper use, and ensure compliance with Federal and State laws that regulate Internet safety.

Standards for Use of Computer Networks

Any individual engaging in the following actions when using computer networks/computers shall be subject to discipline or legal action:

- A. Using the computer networks/computers for illegal, inappropriate or obscene purposes, or in support of such activities. Illegal activities are defined as activities that violate Federal, State, local laws and

This Policy also establishes Internet safety policy and procedures in the district as required in the Neighborhood Children's Internet Protection Act. Policy 2361 addresses access by minors to inappropriate matter on the Internet and world wide web; the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications; unauthorized access, including "hacking" and other unlawful activities by minors online; unauthorized disclosures, use, and dissemination of personal identification information regarding minors; and measures designed to restrict minors' access to materials harmful to minors.

3283 ELECTRONIC COMMUNICATIONS BETWEEN TEACHING
STAFF MEMBERS AND STUDENTS (M)

The Board of Education recognizes electronic communications and the use of social media outlets create new options for extending and enhancing the educational program of the school district. Electronic communications and the use of social media can help students and teaching staff members communicate regarding: questions during non-school hours regarding homework or other assignments; scheduling issues for school-related co-curricular and interscholastic athletic activities; school work to be completed during a student's extended absence; distance learning opportunities; and other professional communications that can enhance teaching and learning opportunities between teaching staff members and students. However, the Board of Education recognizes teaching staff members can be vulnerable in electronic communications with students.

In accordance with the provisions of N.J.S.A. 18A:36-40, the Board of Education adopts this Policy to provide guidance and direction to teaching staff members to prevent improper electronic communications between teaching staff members and students.

The Commissioner of Education and arbitrators, appointed by the Commissioner, have determined inappropriate conduct may determine a teaching staff member unfit to discharge the duties and functions of their position. Improper electronic communications by teaching staff members may be determined to be inappropriate conduct.

For the purposes of this Policy, "electronic communication" means a communication transmitted by means of an electronic device including, but not limited to, a telephone, cellular telephone, computer, computer network, personal data assistant, or pager. "Electronic communications" include, but are not limited to, e-mails, text messages, instant messages, and communications made by means of an Internet website, including social media and social networking websites.

For the purposes of this Policy, "professional responsibility" means a teaching staff member's responsibilities regarding co-curricular, athletic coaching, and any other instructional or non-instructional responsibilities assigned to the teaching staff member by the administration or Board of Education.

Electronic Communications Between Teaching Staff Members and Students

For the purposes of this Policy, “improper electronic communications” means an electronic communication between a teaching staff member and any student of the school district when:

1. The content of the communication is inappropriate as defined in this Policy; and/or
2. The manner in which the electronic communication is made is not in accordance with acceptable protocols for electronic communications between a teaching staff member and a student as defined in this Policy.

Inappropriate content of an electronic communication between a teaching staff member and a student includes, but is not limited to:

1. Communications of a sexual nature, sexually oriented humor or language, sexual advances, or content with a sexual overtone;
2. Communications involving the use, encouraging the use, or promoting or advocating the use of alcohol or tobacco, the illegal use of prescription drugs or controlled dangerous substances, illegal gambling, or other illegal activities;
3. Communications regarding the teaching staff member’s or student’s past or current romantic relationships;
4. Communications which include the use of profanities, obscene language, lewd comments, or pornography;
5. Communications that are harassing, intimidating, or bullying;
6. Communications requesting or trying to establish a personal relationship with a student beyond the teaching staff member’s professional responsibilities;
7. Communications related to personal or confidential information regarding another school staff member or student; and

Electronic Communications Between Teaching Staff Members and Students

8. Communications between the teaching staff member and a student that the Commissioner of Education or an arbitrator would determine to be inappropriate in determining the teaching staff member is unfit to discharge the duties and functions of their position.

5350 PUPIL HOMICIDE PREVENTION

The Jackson Township Board of Education recognizes that school personnel must take seriously all suggestions, demonstrations, or communications regarding homicide. When confronted with an actual situation in which life-threatening behavior or ideation is present, immediate mobilization of all appropriate resources is paramount. Under such condition, commitment to student confidentiality is superseded by the imperative for initiating lifesaving intervention. It shall be the responsibility of the Superintendent to insure implementation of the following procedures:

A. Response to Homicidal Ideation or Threat

The staff member who has reason to believe that a student has destructive or life threatening intentions shall notify the Principal and the Director of Security of the threat immediately. Once this action is taken, the Principal or his/her designee and Director of Security shall consult with the school psychologist, school social worker or guidance counselor regarding the threat and arrange for the student to be brought to the office for an interview with the student personnel staff member. If the Director of Security is not immediately available, he/she should be contacted as soon as possible after the event.

1. If, after consulting among the student personnel staff member, the Principal and Director of Security, this group determines the situation to be serious, the Principal or designee shall follow a policy of zero tolerance and do the following:
 - a. Keep the student under continuous adult supervision by school personnel as designated, until the student can be released into the custody of his/her parent or legal guardian.
 - b. Have the Director of Security notify the local police of the incident immediately and cooperate with their investigation.
 - c. Contact the student's parents and inform them of the situation and of the conditions of the student's exclusion from school.
 - d. Notify the potential victim of the threat and notify the parent(s) or legal guardian(s) of the potential victim if the student is a minor.
 - e. Notify the Superintendent and/or Assistant Superintendent of the threat as soon as practical.

- f. Notify the school psychologist, school nurse, social worker, and guidance counselor normally assigned to that school in writing of the threat along with any other appropriate staff.
 - g. Have the parents of the student sign a two-way release of information to allow our staff to speak to our psychiatrist regarding their child. If the student is eighteen years of age or older, the student must sign a two-way release of information.
 - h. Have the student evaluated by one of the Board psychiatrists at Board expense. It shall be the responsibility of the designated school psychologist to verbally contact the Board psychiatrist to confirm the appointment and to follow up on the evaluation. The student will be permitted back into school pending a written complete psychiatric workup.
 - i. Reserve the right to discipline the student at any time during these proceedings.
 - j. Follow the policy regardless of the depth of involvement by the local police and plan an educational course of action according to this policy.
2. In no case should the charged student be returned to school until there has been a reentry conference between appropriate school personnel and the parent/legal guardian. The consulting psychiatrists should be able to assure the district personnel that the student is no longer dangerous and state that the student can return. The school may require hospitalization at the parent's expense until such time that the student is no longer deemed dangerous by the attending psychiatrist.
 3. When the charged student returns to school, the guidance counselor shall monitor the student's adjustment through consultations with the classroom teachers and report weekly, in writing, to the Principal.
 4. Documentation shall be done on the incident report form by the Director of Security. Copies of these reports shall be kept in the School Nurse's secured medical file, as well as the Director of Security's office.

5. When a charged student moves up from elementary to middle school and from middle to high school, his/her report(s) shall be hand delivered to the Principal of the receiving school by the Principal of the sending school. The appropriate staff will be notified by the Building Principal.
6. Failure of a parent or adult student to cooperate fully with the guidelines set forth in this policy will result in an expulsion hearing before the Board of Education.
7. In no case, should any school staff member take it upon him/herself to counsel a student outside this policy.

The Building Principal shall hold in-service on this policy with all staff to ensure proper understanding and implementation of the above procedures. It shall be the responsibility of the Superintendent to ensure ongoing in-service in this area.

PUPIL SUICIDE PREVENTION

5351 PUPIL SUICIDE PREVENTION

The Board of Education recognizes that depression and self-destruction are problems of increasing severity among children and adolescents. A pupil under severe stress cannot benefit fully from the educational program and may pose a threat to himself or herself or others.

The Board directs all school personnel to be alert to the pupil who exhibits behavioral warning signs of potential self-destruction or who threatens or attempts suicide. Any such signs or the report of such signs from another pupil or staff member should be taken with the utmost seriousness and reported immediately to the Building Principal, who shall notify the pupil's parent(s) or legal guardian(s) and other professional staff members in accordance with administrative regulations.

A potentially suicidal pupil shall be referred to the Child Study Team for appropriate evaluation and/or recommendation for independent medical or psychiatric services. In the event that the parent(s) or legal guardian(s) objects to the recommended evaluation or indicates an unwillingness to cooperate in the best interests of the pupil, the Child Study Team may contact the New Jersey Division of Youth and Family Services to request that agency's intervention on the pupil's behalf.

In accordance with the provisions of N.J.S.A. 18A:6-111 and 18A:6-112, as part of the required professional development for teachers as outlined in N.J.A.C. 6A:9-15.1 et seq., every teaching staff member must complete at least two hours of instruction in suicide prevention, to be provided by a licensed health care professional with experience in mental health issues, in each professional development period. The instruction in suicide prevention shall include information on the relationship between the risk of suicide and incidents of harassment, intimidation, and bullying and information on reducing the risk of suicide in pupils who are members of communities identified as having members at high risk of suicide.

The Superintendent shall prepare and disseminate regulations for the guidance of staff members in recognizing the pupil who contemplates suicide, in responding to threatened or attempted suicide, and in preventing contagion when a pupil commits suicide.

- A. Policy Statement

The Board of Education prohibits acts of harassment, intimidation, or bullying of a student. A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student's ability to learn and a school's ability to educate its students in a safe and disciplined environment. Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

For the purposes of this Policy, the term "parent," pursuant to N.J.A.C. 6A:16-1.3, means the natural parent(s) or adoptive parent(s), legal guardian(s), foster parent(s), or parent surrogate(s) of a student. Where parents are separated or divorced, "parent" means the person or agency which has legal custody of the student, as well as the natural or adoptive parent(s) of the student, provided such parental rights have not been terminated by a court of appropriate jurisdiction.

- B. Harassment, Intimidation, and Bullying Definition

"Harassment, intimidation, or bullying" means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic;
2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3;

HARASSMENT, INTIMIDATION, AND BULLYING (M)

3. Substantially disrupts or interferes with the orderly operation of the school or the rights of other students; and that
 - a. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his/her person or damage to his/her property; or
 - b. Has the effect of insulting or demeaning any student or group of students; or
 - c. Creates a hostile educational environment for the student by interfering with a student's education or by severely or pervasively causing physical or emotional harm to the student.

Schools are required to address harassment, intimidation, and bullying occurring off school grounds, when there is a nexus between the harassment, intimidation, and bullying and the school (e.g., the harassment, intimidation, or bullying substantially disrupts or interferes with the orderly operation of the school or the rights of other students).

“Electronic communication” means a communication transmitted by means of an electronic device, including, but not limited to: a telephone, cellular phone, computer, or pager.

C. Student Expectations

The Board expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment consistent with the Code of Student Conduct.

The Board believes that standards for student behavior must be set cooperatively through interaction among the students, parents, school employees, school administrators, school volunteers, and community representatives, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of students, staff, and community members.

HARASSMENT, INTIMIDATION, AND BULLYING (M)

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and it is the responsibility of staff to use instances of violations of the Code of Student Conduct as opportunities to help students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students' abilities to grow in self-discipline.

The Board expects that students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, and bullying, including:

1. Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property and rights of others; obey constituted authority; and respond to those who hold that authority);
2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;
3. Student rights; and
4. Sanctions and due process for violations of the Code of Student Conduct.

Pursuant to N.J.S.A. 18A:37-15(a) and N.J.A.C. 6A:16-7.1(a)1, the district has involved a broad-base of school and community members, including parents, students, instructional staff, student support services staff, school administrators, and school volunteers, as well as community organizations, such as faith-based, health and human service, business and law enforcement, in the development of this Policy. Based on locally determined and accepted core ethical values adopted by the Board, pursuant to N.J.A.C. 6A:16-7.1(a)2, the Board must develop guidelines for student conduct pursuant to N.J.A.C. 6A:16-7.1. These guidelines for student conduct will take into consideration the developmental ages of students, the severity of the offenses and students' histories of inappropriate behaviors, and the mission and physical facilities of the individual school(s) in the district. This Policy requires all students in the district to adhere to the rules established by the school district and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules.

Pursuant to N.J.A.C. 6A:16-7.1, the Superintendent must annually provide to students and their parents the rules of the district regarding student conduct. Provisions shall be made for informing parents whose primary language is other than English.

USE OF ELECTRONIC COMMUNICATION AND RECORDING DEVICES (ECRD) (M)

5516 USE OF ELECTRONIC COMMUNICATION AND RECORDING DEVICES (ECRD) (M)

The Board of Education believes students and/or school staff members should not be subject to having a video or audio recording taken of any student(s) or school staff member(s) for any purpose without the consent of the student, the student's parent, and/or the school staff member. In addition to protecting the privacy rights of students and school staff members, the Board recognizes such recordings can be disruptive to the educational program. In addition, inappropriate recordings of educational material, student assessment instruments, and/or student assessment reviews can be used to compromise the integrity of the district's educational program or lead to academic dishonesty in the event such recordings are stored and/or transmitted to other students. Therefore, the Board of Education adopts this Policy regarding student use of electronic communication and recording devices.

“Electronic communication and recording device (ECRD)” includes any device with the capability to audio or video record or is capable of receiving or transmitting any type of communication between persons. An ECRD includes, but is not limited to, cameras, cellular and wireless telephones, pagers/beepers, laptop computers, electronic readers, personal digital assistants (PDAs), two-way radios, portable fax machines, video broadcasting devices, and any other device that allows a person to record and/or transmit, on either a real time or delayed basis, sound, video, or still images, text, or other information.

A student is not permitted to have turned on or use an ECRD on school grounds during the school day or when the student is participating in a curricular or school-sponsored co-curricular activity. A student's personal ECRD may only be used on school grounds in an emergency situation or before and after the school day or with the permission of a school staff member supervising the student in a curricular or school-sponsored co-curricular activity. Any audio and/or video recording by a student using their personal ECRD with permission of a school staff member while participating in a curricular or school-sponsored activity where other students or staff members are present shall require the permission for such recording from any other student and their parents and/or staff members whose voice or image is to be recorded. This Policy is not intended to prohibit appropriate use of electronic devices for authorized or approved official curricular or school-sponsored co-curricular activities such as yearbook photographs, staff member/teacher-directed and approved activities, classroom presentations, athletic events, and drama production filming. A student authorized or approved

USE OF ELECTRONIC COMMUNICATION AND RECORDING DEVICES (ECRD) (M)

to use an ECRD may not use an ECRD to access internet sites or view information or internet-based material that is inappropriate or would be blocked from student access by the school district's acceptable use of computers and networks policy. Nothing in this Policy is intended to prevent a student from using their personal ECRD and recording school-sponsored co-curricular activities as a non-participant when the activity is open to the general public.

For the purposes of this policy, "school grounds" means and includes land, portions of land, structures, buildings, and structures that support these buildings, including, but not limited to, administrative buildings, kitchens, maintenance shops, and garages. "School grounds" also includes other facilities as defined in N.J.A.C. 6A:26-1.2, playgrounds, and other recreational places owned by the local municipalities, private entities, or other individuals during those times when the school district has exclusive use of a portion of such land.

An ECRD used in violation of this Policy will be confiscated by a school staff member or Principal or designee and the student will be subject to appropriate disciplinary action.

A student shall not knowingly bring or possess any remotely activated paging device on any school grounds, including on a school bus or at a school-sponsored function, at any time and regardless of whether school is in session or other persons are present without the express written permission of the Principal. The student must submit a written request and establish to the satisfaction of the Principal a reasonable basis for the possession of the device. The written request must include the purpose for the student possessing and/or bringing the device on school property and the date or dates in which the student requests to possess and/or bring the device on school property. The written request must also include the date in which the student will no longer need to bring and/or possess the device on school property.

The Principal, upon reviewing the request from the student, will make a determination. The determination will be in writing and if approved, written permission for the student to bring and/or possess a remotely activating paging device will be provided to the student. Permission will only be provided for the school year.

The student must submit a new request if the time in which permission is given to bring and/or possess a device expires. The student that is granted permission to possess and/or bring the device must be in the possession of the device at all times. The Principal or designee shall immediately notify the Superintendent of

USE OF ELECTRONIC COMMUNICATION AND RECORDING DEVICES (ECDR) (M)

Schools and the appropriate criminal justice or juvenile justice agency if a student brings or possesses a remotely activated paging device in violation of N.J.S.A. 2C:33-19 and this Policy.

A student who is an active member in good standing of a volunteer fire company, first aid, ambulance or rescue squad may bring or possess a remotely activated paging device on school property only if the student is required to respond to an emergency and the student provides a statement to the Principal from the chief executive officer of the volunteer fire company, first aid, ambulance or rescue squad authorizing the possession of the device by the student at all times and that the student is required to respond to an emergency.

The Principal or designee will confiscate the remotely activated paging device, take appropriate disciplinary action and shall immediately notify the Superintendent of Schools and the appropriate criminal justice or juvenile justice agency if a student brings or possesses a remotely activated paging device in violation of N.J.S.A. 2C:33-19 and this Policy.

Accordingly, the Board will establish policies and procedures in operating programs to support the social, emotional, and physical development of students in accordance with the provisions of N.J.S.A. 18A:40A-1 et seq. and N.J.A.C. 6A:16-4.1 et seq. 5610 SUSPENSION

The Board of Education recognizes that even the temporary exclusion of a pupil from the educational program of this district is a severe sanction and one that cannot be imposed without due process.

Any pupil who is guilty of continued and willful disobedience, or of open defiance of the authority of any teacher or person having authority over him, or of the habitual use of profanity or of obscene language, or who shall cut, deface or otherwise injure any school property, shall be liable to punishment and to suspension or expulsion from school. At its second regular meeting after the suspension and thereafter, the Board alone may reinstate the pupil or continue the suspension.

In each instance of a short-term suspension, the pupil and their parent(s) or legal guardian(s) will be provided oral or written notice of the charges and an informal hearing conducted by the Building Principal or designee in accordance with the procedures outlined in N.J.A.C. 6A:16-7.2. To the extent the pupil's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the educational process, the pupil may be immediately removed from the pupil's educational program and the informal hearing shall be held as soon as practical after the suspension.

In each instance of a long-term suspension, the district shall assure the rights of the pupil pursuant to N.J.A.C. 16A:16-7.3.

This section shall be construed in a manner consistent with 20 U.S.C. §1400 et seq. and N.J.A.C. 6A:14-2.8. Nothing in this Policy will be construed as prohibiting the removal of a pupil with a disability or the expulsion of a general education pupil.

The Principal or designee will remove, isolate and place the pupil under the supervision of school staff until such time as the parent(s) or legal guardian(s) or appropriate agency takes custody of the pupil. The Principal will immediately report the removal of the pupil to the Superintendent and notify the pupil's parent(s) or legal guardian(s) of the removal action and the pupil's due process rights.

The Board will provide a hearing no later than thirty days following the day on which the pupil is suspended. The decision of the Board will be made within five days after the close of the hearing. Any appeal of the Board's decision shall be made to the Commissioner of Education within ninety days of the Board's decision.

5751 SEXUAL HARASSMENT (M)

M

The Board of Education will not tolerate sexual harassment of pupils by school employees, other pupils, or third parties. Sexual harassment of pupils is a form of prohibited sex discrimination. School district staff will investigate and resolve allegations of sexual harassment of pupils engaged in by school employees, other pupils (peers), or third parties.

The Board shall establish a grievance procedure through which school district staff and/or pupils can report alleged sexual discrimination, including sexual harassment which may include quid pro quo harassment and hostile environment.

Definitions:

1. Quid pro quo harassment occurs when a school employee explicitly or implicitly conditions a pupil's participation in an educational program or activity or bases an educational decision on the pupil's submission to unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature. Quid Pro Quo Harassment is equally unlawful whether the pupil resists and suffers the threatened harm or submits and thus avoids the threatened harm.
2. Hostile environment sexual harassment is sexually harassing conduct (which can include unwelcomed sexual advances, requests for sexual favors, or other favors, or other verbal, nonverbal, or physical conduct of a sexual nature) by an employee, by another pupil, or by a third party that is sufficiently severe, persistent, or pervasive to limit a pupil's ability to participate in or benefit from an educational program or activity, or to create a hostile or abusive educational environment.

This Policy protects any "person" from sex discrimination; accordingly both male and female pupils are protected from sexual harassment engaged in by school district employees, other pupils, or third parties. Sexual harassment, regardless of the gender of the harasser, even if the harasser and the pupil being harassed are members of the same gender is prohibited. Harassing conduct of a sexual nature directed toward any pupil, regardless of the pupil's sexual orientation, may create a sexually hostile environment and therefore constitute sexual harassment. Nonsexual touching or other nonsexual conduct does not constitute sexual harassment.

The regulation and grievance procedure shall provide a mechanism for discovering sexual harassment as early as possible and for effectively correcting problems.

The Superintendent, or designee, will take steps to avoid any further sexual harassment and to prevent any retaliation against the pupil who made the complaint, was the subject of the harassment, or against those who provided the information or were witnesses. The school district staff can learn of sexual harassment through notice and any other means such as from a witness to an incident, an anonymous letter or telephone call.

This policy and regulation on sexual harassment of pupils shall be published and distributed to pupils and employees to ensure all pupils and employees understand the nature of sexual harassment and that the Board will not tolerate it. The Board shall provide training for all staff and age-appropriate classroom information for pupils to ensure the staff and the pupils understand what type of conduct can cause sexual harassment and that the staff know the school district policy and regulation on how to respond.

In cases of alleged harassment, the protections of the First Amendment must be considered if issues of speech or expression are involved. Free speech rights apply in the classroom and in all other programs in the public schools. The Superintendent, or designee, will formulate, interpret, and apply the policy so as to protect free speech rights of staff, pupils and third parties.

In addition, if the Board accepts federal funds, the Board shall be bound by Title IX of the Education Amendments of 1972 prohibiting sexual harassment of pupils. Title IX applies to all public school districts that receive federal funds and protects pupils in connection with all the academic, educational, extra-curricular, athletic, and other programs of the school district, whether they take place in the school facilities, on the school bus, at a class or training program sponsored by the school in a school building or at another location.

ELECTRONIC SURVEILLANCE IN SCHOOL BUILDINGS AND ON SCHOOL GROUNDS

7441 ELECTRONIC SURVEILLANCE IN SCHOOL BUILDINGS AND ON SCHOOL GROUNDS

The Board of Education authorizes the use of electronic surveillance systems in school buildings and on school grounds to enhance the safety and security for school district staff, pupils, community members, and other building occupants and to protect the school district's buildings and grounds.

The content produced by the surveillance system under certain circumstances may be considered a student record, in which it will be subject to the Board of Education policy and regulations regarding confidential student records. If the content of the surveillance system becomes the subject of a disciplinary proceeding, it shall be treated like other evidence in the proceeding, and the district declares such use to be a legitimate educational interest.

The following statement shall be posted in a prominent, public place in buildings and on school grounds where electronic surveillance equipment may be used:

The Board of Education authorizes the use of electronic surveillance monitoring devices in school buildings and on school grounds. Therefore, all school buildings and school grounds within this school district may be monitored using such devices in accordance with Board Policy.

In addition to posting, the district shall notify school staff members, parent(s) or legal guardian(s), and pupils that electronic surveillance may be used in school buildings and on school grounds through publication in student and staff handbooks, school calendars, notice sent home with pupils, or any other effective means to publish the district's use of electronic surveillance equipment in school buildings and on school grounds.

8431 PREPAREDNESS FOR TOXIC HAZARD

The Board of Education is concerned for the safety of the pupils and staff members assigned to district schools and will take reasonable steps to protect pupils and staff members from hazards that may result from industrial accidents beyond the control of school officials.

The Board will appoint an employee to serve as Toxic Hazard Preparedness (THP) Officer. The THP Officer will, in accordance with procedures prepared by the Superintendent, identify potential sources of toxic hazard and develop a plan that includes preventive and remedial measures to be followed in the event pupils and staff members are exposed to a toxic hazard. The plan will also include a system for the periodic evaluation of school environments.

The THP Officer will enlist the aid of county and municipal authorities and, if possible, the owners or operators of identified potential sources of toxic hazard. The Board may, in its discretion, appoint and charge an ad hoc committee of community representatives to assist the THP Officer.

The plan for toxic hazard preparedness developed by the THP Officer and approved by this Board will be disseminated to the public. Teaching staff members will be instructed in the specific measures to be taken when toxic hazard is present and in the recognition of toxic hazards in the environment. A teaching staff member who detects a toxic hazard in school shall immediately notify the school Principal and the school nurse or, in the absence of either, the person authorized to perform that office.

Nothing in this policy should be construed in any way as an assumption of liability by the Board of Education for any death, injury, or illness that is the consequence of an accident or equipment failure or negligent or deliberate act beyond the control of the Board or its officers and employees.

MONITORING DEVICES ON SCHOOL VEHICLES

8690 MONITORING DEVICES ON SCHOOL VEHICLES

The Board of Education recognizes that safe and secure conditions for all pupils transported in school owned or contracted school vehicles is paramount. Pupils transported in a school owned or contracted school vehicle must maintain proper discipline in the vehicle at all times.

To maintain the safe and secure conditions for all pupils transported on school owned or contracted school vehicles, the Board may use devices to monitor and/or observe pupil behavior, teacher and support staff behavior, school bus driver discipline procedures and/or school bus driver driving techniques. The device may be a sound video camera, a voice monitoring device or other appropriate devices. Each school vehicle will have a sign clearly posted in the school vehicle stating that:

“Video And/Or Audio Monitoring Devices Are Used On School Owned And Contracted Vehicles And This Vehicle May Be Monitored At Any Time.”

The recording may be used in pupil and staff discipline matters, driver evaluations or for driver discipline or training. Notice of this policy will be provided to parent(s) or legal guardian(s) and all transportation personnel each year in staff, pupil and/or parent handbooks.
