Dear Parent/Guardian and Student:

This year we will be using the Genesis Parent Portal for completing initial student requests. The Genesis online course selection window will be open February 21 - March 4. You are requested to login to the Parent Portal during the course registration period and input the student's course requests. Students will meet with their counselor for an individual scheduling meeting during the weeks of March 7 - April 8. The counselor and student will review course selections and make any necessary adjustments to the course requests. A "Course Verification" form will be given to the student at his/her individual scheduling meeting. The Verification form must be signed by a parent/guardian and returned to the Guidance Office no later than Monday, May 2. The Program of Studies is available on the Guidance Department webpage www.jacksonsd.org.
