## ASBESTOS MANAGEMENT PLAN NOTICE September 9, 2021

To Jackson School District Parents, Guardians and Staff:

In April of 2021, Karl Environmental Group, our environmental consultant, completed an AHERA Six Month Periodic Surveillance for the Jackson Township Board of Education.

AHERA – The Asbestos Hazard Emergency Response Act, places certain requirements on all LEA's- Local Education Agencies, including the Jackson Township Board of Education.

The Jackson Township Board of Education maintains a complete and updated copy of the AHERA Management Plan in each school within the District. The management plan(s) are also available for review in the Buildings & Grounds Office during regular business hours.

Karl Environmental Group, in its capacity of LEA's inspector and engineering consultant, has advised the Jackson Township Board of Education, that it is in compliance with AHERA regulations and will meet their general location education agency responsibilities as outlined in Section 763.84 of CFR, Part 763, Asbestos Containing Materials in Schools.

All surveillance records were entered into the AHERA Management Plan by Edward Ostroff, an accredited AHERA Management Planner/Supervisor, Certificate Number 55618 and State of New Jersey License #NJ35145. The next scheduled surveillance will be conducted in January of 2021.

We are also required to notify our parents and staff of any plans to remove asbestos containing materials, or any work that was done over the previous year. During 2020-2021 we performed an abatement at the Goetz Middle School boiler room. For the 2021-20221 school year, we do not have any abatement projects planned.

AHERA inquiries regarding our Asbestos Management Plan and/or any upcoming projects may be directed to Anthony Bruno, Director of Buildings & Grounds/Designated Person at 732-833-4653.

Sincerely,

Mrs. Nicole Pormilli  
Superintendent of Schools
