

Jackson School District Budget Update

Still Working for Our Students. Still Hoping for a Solution.

ONE LAST PUSH TO ACTION: HELP US SAVE OUR DISTRICT

During this time of year we should be immersed in the JOY of what our students and staff have accomplished this year.

Unfortunately, we are still in the middle of the biggest budget crisis this district has ever experienced.

May 31, 2024 - LATEST UPDATE:

Although we have advocated strongly, the NJ DOE is insisting the district submit a “balanced budget” for approval.

HOWEVER, the Jackson School District **CANNOT LIVE WITH making the MILLIONS of DOLLARS in CUTS** it would take to balance the budget after \$22.4 million in aid losses over 7 years.

We are **AGAIN** making our final plea:
PLEASE DO NOT FORCE THESE CUTS ON US!!

Our children **DESERVE** the same opportunities as other students!

There **HAS TO BE A SOLUTION** that preserves what we know to be a safe, thorough and efficient education for our students!
