

Dear Elms Families,

Winter is here, and we want to fill the Elms hallways with cheer! We had such a great response to our snowman decorating contest last year, that we decided to do it again! Of course, participation is voluntary.

If you would like to participate, please create a snowman and bring it to school by Jan. 31<sup>st</sup>. You can create your snowman with whatever materials you'd like, as long as you do not use edible materials. Paper, cardboard, Styrofoam, and recycled materials are just a few examples of what you may want to use. We know our Elms families are creative! The finished snowmen will be displayed in our hallways.

A prize will be awarded to one participating student per grade. We look forward to seeing your creations!

Warm regards,

Elms PTN
