The most important thing as we return to school is feeling safe, building community within the classroom, having positive social interactions, and getting emotionally prepared to be successful in middle school. We will set goals, practice mindfulness, develop a growth mindset, get to know ourselves better and learn to understand and have compassion for our peers. Work demands will increase as we progress through the school year.

CHROMEBOOKS - Students are to bring a charged chromebook to school each day. At the start of class all chromebooks will be stored in the docking station until they are needed.

Literacy

- DLR - Daily Language Review / DRC - Daily Reading Comprehension
