

September 5, 2019

Dear Parents/Guardians,

I would like to take this opportunity to welcome you to Geometry. I am looking forward to working with your child AGAIN and also with you to help make this a very successful year. If at any time during the year you have a question or concern please feel free to email me: cfroio@jacksonsd.org. I will respond as promptly as possible.

On my Class Page you will find a list of materials needed for my class, as well as, an overview of class procedures and expectations. Like last year, I will incorporate the use of personal devices within some of my lessons so a consent form will need to be signed.

If, at any time throughout the year, your child is in need of extra help I will be available after school to provide assistance. I will post my availability each week on my Class Page. Students interested in additional practice are also welcome.

Below you will find the criteria that will be used to determine your child's grade each marking period.

Tests	35%
Quizzes	25%
HW	20%
CW	20%

This portion of the grade will include but is not limited to participation, preparation, Portfolios and any graded work completed in class.

Again, I look forward to a very productive year and please feel free to contact me at any time regarding your child's progress.

Sincerely,
Mrs. Cheryl Froio
