Nonpublic School Transportation Update - Schools With Transportation Services for 2022-2023

June 3, 2022

Dear Private School Parents:

On June 2, 2022 the Board of Education voted to award transportation bids for 24 private school bus routes, which represent all the bids received by the Jackson School District for the 2022-2023 school year for nonpublic school transportation at the bid opening held on April 28, 2022. Transportation will be provided by Jay's Bus Service.

Below are the 24 approved route numbers and the schools with which they are associated. **IMPORTANT - Not all eligible children in each school listed below will receive transportation. A detailed list with names of students who will be transported on the routes will be provided to each school by June 13, 2022.** Eligible students not on this list will receive AIL.

As you read this information, we ask that you please do not call or email your school or the Jackson School District to see if your child is on a particular route. There are more than 1,100 students on these routes and neither the Jackson School District nor the individual schools can effectively respond to thousands of individual parents seeking information.
