MOTION CARRIED

Mr. Walsh turned the meeting over to Mrs. Pormilli.

Mrs. Pormilli thanked Mr. Walsh and congratulated all of the new Board Members. She congratulated the new President and Vice President and stated that she was looking forward to working with everyone. Normally during the reorganization meeting, the Superintendent does not give a report but she wanted to reiterate for the Board and the public who are listening about the reasons for virtual learning this week. The reasons for our virtual learning this week are solely based on the lack of staff to safely open all of our buildings and transport our students. We had, at the time of the decision, over 180 staff members out; that number has climbed and continues to climb. Tomorrow there will be 212 staff members who are either in isolation quarantined or out of work for another reason. This is a short-term virtual learning period until we get staff back. We are on target to open for in-person learning on Monday with a number of staff who will be returning from quarantine. That is our full intention to be in-person learning on Monday. To reiterate, this is because of staffing only. Every other staff member who is well is in our buildings. They are not working from home; they are working here. There have been some questions about why there are cars in parking lots. It is because the staff who are not in isolation and quarantine are working in the building. That helps us cover when we have last-minute call-outs. We are all-hands-on-deck helping each other. We are on target as of now to be open for in-person learning on Monday and that was our goal from the start. It has been a very difficult decision to make; we fought it to the very end. But we safely could not get our students back and forth to school, nor would we have appropriate coverage of things.

Mr. Sargent asked if there was a timeline for when Mrs. Pormilli was going to inform parents.

Mrs. Pormilli answered that she will be informing everyone on Friday where the District stands. The community, parents, and educators will know at that time.

At this time, she turned the meeting over to Mr. Zitomer to provide the Board of Education Code of Ethics.

Board Attorney Advisement - Code of Ethics

Mr. Zitomer welcomed the new Board of Education members and stated that for purposes of tonight’s meeting, he was going to give a brief executive summary of the New Jersey School Ethics Act. He will present a more formal PowerPoint presentation at the regular meeting in January.

MOTIONS CARRIED

PUBLIC FORUM

On a motion by Mrs. Rivera, seconded by Mr. Sargent, the public forum was opened by acclamation.

Devorah Grushkin, a resident, spoke about the difficulties she faced in transporting her children to private schools in Lakewood and how late notice from the District impacted making transportation arrangements.

Esti Friedman, a resident, spoke about the same issue as Mrs. Grushkin.

Suri Robinson, a resident, spoke about the same issue.

Rachel Warman, a resident, spoke about the same issue.

Seeing no one else come forward, on a motion by Mr. Sargent, seconded by Mrs. Rivera, the public forum was closed by acclamation.

Mrs. Pormilli addressed the comments made in public forum. She thanked the community members who spoke this evening for sharing their concerns and for sharing your concerns. She also thanked the rest of those in the audience for coming out tonight. She briefly addressed the situation that the District was in this past year and how the decision was made in order to provide Aid-in-Lieu versus transportation to all of those in the non-public schools. There is a process we have to follow on those. For those who were involved in the research in the past year, that included Zoom meetings in attempts to open better rounds of communication, would know that we had to take it to a multi-step process before we could make that decision. We are required to do certain
Reorganization Meeting

things. One of which is to see if we can bus ourselves, whether in public school buses or putting it out to bid. We have to see if anyone takes any of those routes before we can commit to say we cannot provide transportation one way or another and instead we will provide AIL.

Meanwhile, during that process this past year, we have experienced a bus driver shortage, which did not help at all. That has crept upon us expectedly and it is a national driver shortage. There is a set timeline that we are required to let non-public community members know whether we can transport the students or not.

Ms. Richardson confirmed that the date to inform parents about transportation as set by the state is August 1 and forms are not received by the District until March 15.

Mrs. Pormilli continued that additionally, we were challenged with the fact that we had not had a director in our transportation department for a year so we were dealing with those challenges as well. We have since hired an interim director who is doing an excellent job and will be able to better guide us this year. We are committed to keeping lines of communication open. Ms. Richardson has been working over these past few months and establishing a better list of communication and how we are going to communicate with all involved. That should hopefully be improved. We are working to see if we can get things out a bit faster.

We do have a commitment to try and be better at communicating and getting information to parents as soon as we can but we have to work through certain channels to do that. Mrs. Pormilli stated that she can imagine how difficult it is to have to worry about children getting to school. She can understand that as a parent herself and she empathizes with the parents on that. We will continue to strive to communicate as soon as we possibly can. With having a director in place and Ms. Richardson who has been establishing a lot more protocols in our office so that communication is better and clear forms are better recorded, we are hopeful for improvement in all of those areas. We will continue to communicate and we appreciate you communicating tonight about the difficulties that have been had. We aim to get better at that.

Mrs. Pormilli asked if Ms. Richardson wanted to add anything and Ms. Richardson said that Mrs. Pormilli addressed the topic well. Mrs. Pormilli turned the meeting back over to Mr. Walsh.

MOTION CARRIED

Mr. Sargent asked if there could be Board Comments tonight. He began by thanking the community for coming out and supporting the new Board Members. About transportation, he asked Mr. Walsh if he could be on the transportation committee this year. He wanted there to be another voice since Mr. Herman has retired from the Board and he wanted to be that person. He believes that the District should be able to provide details to parents by April 1. He was not sure if the Business Administrator would agree with him on that but they will talk in the future. He thinks that it would be fair to the private busing community to be prepared since they cannot secure busing for their students. If we wait until August 1 and he understood what the law was, it was not going to cut it from Jackson Township. That is not just for one group, but all groups of Jackson. In addition, we probably need to farm the whole busing situation out. In his "limited opinion," the AIL is not working. He also sees small vans pulling out of neighborhoods at high rates of speeds; whether they are Jackson School District students or students from other schools, they are still students. It is very difficult to monitor the van drivers whereas it might be easier to monitor a school bus. The busing issues from the past are in the past and we need to give the Jackson School District a chance this year to try to make it work. He recognized that it did not work out last year for a lot of parents but he has faith in Mrs. Pormilli and the new transportation director that we can get this job done. The easiest way he can see it being done is by farming out transportation. He thinks that these issues have been expressed and we should not allow them to be held in the hands of people that are not capable of it. Once it is farmed out, maybe discussions can be had with the people that own the contract for the year.

Mrs. Pormilli asked for clarification of the term "farming out" and if it referred to going out to bid.

Mr. Sargent confirmed that is what he meant and that it should not take forever to go out to bid for these busing contracts.

Mrs. Pormilli explained that it takes a little bit of time because there is a process like everything we have to follow a legal process with documentation. We have to put them out to bid, wait for them to get back, and then have to take the lowest bid. Mrs. Pormilli asked Ms. Richardson to confirm how long that process takes.

Ms. Richardson answered that it takes approximately two months.

Mrs. Pormilli explained that that is why April might be tight. If we are not getting the forms until March, we still need a couple of months to get out to bid.

Mr. Sargent asked if the District could reallocate funds and staff to get the forms quicker.

Mrs. Pormilli answered that it could be discussed. It is more of a timeline process than a people process.

Mr. Sargent said that he cannot understand why it takes so long to get this done.

Mrs. Pormilli answered that it was good he asked to be on the transportation committee because that will help with his understanding of the process. They can discuss in the committee and then report publicly to the Board and the community. She stated that she is certainly looking to speed more timelines up as fast as we can.

Mr. Sargent pressed that two months in a timeframe. He asked if a May 15 date could be assumed.

Mrs. Pormilli did not agree to May 15 is the ultimate deadline. She said it was a more realistic deadline. She stated that she would like the opportunity for the transportation committee to have the opportunity to outline the steps of the process and again, report it out to everybody. Mr. Sargent asked how long the transportation director has been in the position.

Mrs. Pormilli answered that he has been in the position since mid-September.
Reorganization Meeting

Jackson Memorial High School Fine Arts Auditorium

Mr. Sargent asked if she was indicating that it takes six months for the busing director to outline the process.

Mrs. Pormilli answered “absolutely.” At the next transportation committee, she is sure that the director can outline the process.

Mr. Sargent stated that the District will have a process then and go out to bid.

Mrs. Pormilli stated that going out to bid is a possibility. If we have enough drivers to cover some of these runs ourselves, we can do that too.

Mr. Sargent said thank you and wished everyone a good night. “Drive safe.”

Mrs. Rivera thanked everyone for coming out and for their input. She congratulated the new Board Members. She said that she looks forward to working with each and every one of them collaboratively. She wished everyone a good night.

Mrs. Kas thanked Jackson for giving her the opportunity to serve on the Board. She looks forward to working with everyone. She congratulated her fellow colleagues that were elected. She thanked everyone for coming out; it is always important for the community to speak their voice as well. She wished everyone a good night.

Mr. Palmeri thanked his family for supporting him. He thanked the residents of Jackson for the opportunity and for trusting him with this opportunity. He congratulated his fellow newly elected Board Members; he looks forward to working with all of the Board, Mrs. Pormilli, and all of the District staff. To all the parents, he states that he is there to serve them to the fullest extent of his position. He thanked everyone for the opportunity. “Get home safely, God bless you, and God bless America.”

Mr. Walsh said goodnight all. This is the first meeting of many to come. There will be a lot of learning to go on with this Board in the next month or two. He wished everyone a good night.

There being no further discussion, on a motion by Mr. Walsh, seconded by Mr. Sargent, the meeting was adjourned by acclamation at 7:20 p.m.

Respectfully Submitted,

Michelle Richardson
Business Administrator/
Board Secretary
