SUPERINTENDENTS REPORT/INFORMATION ITEMS

Mrs. Pormilli thanked Colin Williams, Memorial HS Board rep for joining us tonight and invited him to give his final report.

- Colin Williams – Memorial – Student Council President
- Colin thanked everyone for allowing him to speak. He offered a few final reflections as the school year ended on Monday.
- He congratulated the graduating Class of 2025 from Memorial and Liberty and he wished them success in the future. Their hard work, perseverance, and leadership in the classroom, stage and fields have left a lasting legacy.
- He is excited for the launch of Jackson Township High School. This transition is an opportunity to come together as one united community, to build new traditions, forge new friendships, and strengthen bonds.
- Graduation, due to weather, was moved into the auditorium on short notice but our students, staff, and families made the best of it. The auditorium was filled with pride, heartfelt speeches, emotional moments making it a joyful sendoff.
- He thanked Mrs. Pormilli and the Board of Education for their ongoing support. He said we carry with us memories of a successful year, the joy of our graduates' achievements, and the excitement of a fresh start in September.

Mrs. Pormilli thanked Colin for his report. She wished him well next year.

Mrs. Pormilli called for a moment of silence for Mr. Scott Sargent – Town Councilman and former BOE member.

Mrs. Pormilli noted the close of the school year was marked by graduation and moving up ceremonies, carnivals and field trips. Goetz and McAuliffe ceremonies were memorable due to the unexpected rain and both high school ceremonies were held indoors but were both beautiful tributes to both of the schools and to the last graduating classes of those schools. There was an event honoring of McAuliffe that was attended by many past staff and alumni. Many memories were shared including

alumni, Dan Zarrow from 101.5 who credits his experience with Wake Up McAuliffe for his career as a meteorologist. At the event, it was emphasized that it is the people who make this district special not the buildings. The 1990's the time capsule was opened and some of the items inside were posted on our Facebook page.

Mrs. Pormilli provided an update on the 2024-2025 major goals established at the onset of this school year.

Goal 1 - strategic planning – It was worked on all year and created a strategic redistricting restructuring committee who met several times over the year and made recommendations in a timely fashion to prepare for September. Staff transfers were determined and packing / moving plans were organized by Mr. Baginski and Mr. Bruno, facility staff and administration. Most of the moves have been completed today putting us ahead of schedule. She thanked everybody involved. This goal also included the removal of trailers. In the fall, trailers were closed and students were moved into the building. All trailers have been removed with the exception of Goetz's that are being prepared for removal.

Goal 2 – health safety and connection – Included in this goal were the removal of the trailers because they were not best suited for students, doing security checklists including mandatory monthly drills, purchasing new radios and a repeater making radios more effective. In regards to the social emotional of the health, we celebrated Rosenauer, did extra orientations, obtained a mental health grant, have interns to help with counseling, strengthened our threat assessment process, used a depression screener, hosted mental health fair and drug fairs and formalized the behavior remediations process and HIB violations.

Goal 3 - academic growth and rigor – Included in this goal were the adoptions of literacy and math programs implemented with a professional development, better alignment of assessments to better support standardized testing, used title I and title IV funds for academic support, offered tutoring, focused on professional development, used a grant to partner with Big Brothers and Big Sisters for the opportunity to partner with the health care field, hosted trade fairs, focused in on authentic assessment in our high school classrooms and expanded our preschool annex / program.

Goal 4 - finance facilities and transportation – Included in this goal was advocating for a more equitable funding formula for Jackson, utilized our advocacy committee chaired by Ms. Gardella, researched many grants, planned for the possibility of going out for referendum because of the debt coming off, transitioned to an upgraded software for transportation and expanded the facility rental space for additional revenue.

Goal 5 - home/school connection and human resources – Included in this goal is rolling out a new web page and class pages this fall, community engagement through the strategic planning committee and strategic planning surveys, parent nights, our McAuliffe celebration, our Rosenauer celebration, PTN presidents' meetings, used questions emailed to us to create a Q&A document for our community and gave updates at each board meeting regarding restructuring.

In addition to the goals, we also did the NJ schools QSAC monitoring in which we collect and share data with the Department of Ed and score ourselves and then the Department of Ed reviews the information and asks questions on the data. We are awaiting their scores and we will let you know when we have them.

Goals for the 2025-2026 will be worked on collectively with the Board and they will include uniting our students and our staff and moving forward as one united school district.

Mrs. Pormilli presented the following slides announcing the new mascot.

Final Versions Will be Shared with School, Teams, Groups

- Graphic arts teachers are continuing to collaborate for final, camera-ready versions that can be used throughout the district
- We will be creating a style guide that gives users every possible variation of this logo for use. For example:
 - Versions for printing on different background colors, materials
 - Different shapes and orientations for various uses - circle logo, small logo, banner-sized logo, stacked logo
 - Versions that have text placeholders for names of teams, sports, groups

Dr. Godlesky gave an overview of the COPS Grant and more specifically the SVPP (School Violence Prevention Program) portion of the COPS grant. It is an annual grant that offers school districts money to enhance the safety and security of their schools. Mr. Blair and Mr. Pejoski created a list of our needs for camera upgrades including better quality zoom features and increased camera angles specifically for our high school noting we will have one of the largest high schools in NJ. A grant was submitted for over \$200,000 to provide these upgrades. Grant awardees will be notified by September 30th.

Mrs. Pormilli wished everybody a safe summer and noted staff will be here moving, setting up schools, developing goals and preparing to welcome staff and students to our new united School District in September.

Mrs. Pormilli concluded her superintendent's report and turned the meeting over to Mrs. Kas.

RESOLUTIONS FOR ACTION

Based on the recommendation of the Superintendent of Schools, the following resolutions were presented for formal approval by the Board of Education.

FINANCE

On a motion by Mrs. Rivera, seconded by Mr. Walsh, the Board of Education opened discussion for the approval of Finance.

Discussion:

Mrs. Gardella asked if item #12 regarding two-way radios are for the entire district. Mr. Baginski responded that is a radio project to do a major upgrade of all of the current analog radios on our school buses with digital radios. He noted there is also a shared service agreement with the township for approval for a repeater on a cell tower that will improve reception and communication. Mr. Baginski noted item #12 is the vendor doing the project.

Mrs. Gardella asked if item #13, NJ Power & Light, is an estimated cost with the new rates. Mr. Baginski responded when the Board approves the co-ops, we put an estimated maximum spending limit and if we get close to that maximum, we come back to the Board to try to raise the maximum. He noted all of those estimated spending amounts were originally approved last June for a lower amount and we got close to that spending max so is back on with a higher limit. Mrs. Gardella asked if these were for last year or if it's June to June. Mr. Baginski noted the Board approves to use co-ops every year for a maximum spending amount. We estimate spending amounts with that vendor then as things progress if it changes and we ask the Board to increase the maximum spending amount. Mrs. Pormilli noted that sometimes we use one vendor more than expected and we use other ones less than expected which is why we need to increase the maximum for these specific vendors. Mr. Baginski noted we get the best pricing from the state contracts or the co-ops so it is a good thing that you see us using the co-op more.

Mrs. Gardella asked if the playground maintenance, installs and inspections from different vendors mentioned item #14 were prior contracts approved for playground upgrades. Mr. Baginski noted we did a lot of playground work, approved last June, with the preschools and as we got closer to that maximum this year we raised the maximum. Mr. Baginski confirmed that preschool funds pays. He also noted there are also new vendors who will do track repairs and a grant project to refurbish the rebound wall.

Mrs. Gardella questioned who picked the three options to be selected in item #24. Mr. Baginski noted we belong to a joint liability insurance fund that refunds money if you have a good claim year; it is based on the claims and what we paid out. The insurance company gives options for the refund. Last year, we took the refund as a check and this year we're going to apply it to reduce next year's premium.

Mrs. Gardella asked what was being seeded Item #19. Mr. Baginski noted this vendor is used to purchase grass seed and it will seed all of our athletic fields used for interscholastic sports – this year it was the two high schools and the two middle schools and next year will be JTHS and JTMS fields.

Mr. Walsh asked, regarding Item #23, if we go out and buy our own food and why we are not in a consortium for food. Dr. Osmond asked if we are getting a different vendor or is it a typical thing we see this time of year. Mr. Baginski noted we get our food service food through national co-ops but they're constantly looking for better and cheaper deals on food prices.

Dr. Savio stated the joint insurance fiscal year being refunded is a 2019-2020 not the current year. He noted claims can come in years later because statutes of limitations for joint insurance fund for liability issues can take 2-3years to be filed.

Discussion was closed and Mrs. Kas called roll call.

FACILITIES

On a motion by Mrs. Rivera, seconded by Mr. Walsh, the Board of Education approved the following motions on Facilities:

Mrs. Gardella thinks it is great that on Addendum Document 1A regarding the food pantry the district is going to have it here. She asked if there is going to be food storage in these rooms, how pestilence will be monitored, if we are in a contract and did we give them expectations. Mrs. Pormilli responded yes to all Mrs. Gardella’s questions. She noted we will have a set schedule that is not a full-time; it will be after hours. Our focus is on our students and families that we serve in our school district for the food pantry. The rest of the food pantry services are farmed out to different areas.

MOTION CARRIED

STUDENTS:

On a motion by Mrs. Rivera, seconded by Mr. Walsh, the Board of Education approved the following motions on Students.

Dr. Osmond asked what the \$100,000 in Item #10 regarding Burlington County Special Service School District is used for. Mrs. Pormilli noted Burlington is used for services that a student needs in their IEP or for a specific service that is at a better price or meets the need of that student. Ms. Carney stated there is a student list if students are being sent out of district. Burlington County Special Services provides us in district services by providing a teacher of the deaf, orientation and mobility teachers and a teacher of the visually impaired as needed. We don't have these teachers in district so we are using an agency for these services.

Mr. Walsh asked if the numbers are individually contracted or set by state policy. Mrs. Pormilli said the service provider sets their rates and then during this time of year we approve them in case a need arises. We don't always use all of them but they are Board approved if the need arises. She noted in most cases the organizations, commissions or service providers set their rates.

Dr. Osmond noted the large amount of budgeted money and noted if you use the funds then they're there but she asked if you don't use the funds, does the money get rolled over to the next year. Mrs. Pormilli noted all the services providers here are not necessarily used and nothing is rolled over to the following year. It is based on student needs at the time we budget and what we anticipate them needing. Mrs. Carney noted the budgeted money is anticipating needs like nursing agencies, teacher of the deaf service, teacher of the visually impaired, psychiatrists and neurologists. She noted Mr. Baginski's office monitors those numbers as the year progresses because they are all projected and based on current enrollment. So, if a new student moves in that needs a nurse then we are updating that amount of money.

Roll Call Vote: Dr. Osmond - Abstain Item #19 and #20 – yes all others

Note: (Dr. Osmond’s reason for abstaining: She noted the Board received a communication that if true is concerning and should sway the decision on who is appointed. When administration becomes aware of pertinent information on the recommendation of specific staff members, she notes the reports should be investigated before voting. She now questions the procedures regarding this.)

Mr. Walsh - Yes

Mr. McCarron – Yes

Mrs. Rivera - Abstain Item #19 and #20 – Yes to all others

Mrs. Barocas – Abstain Doc J line #285 and Abstain Item #20 – Yes to all others

MOTIONS CARRIED

PUBLIC FORUM

On a motion by Mrs. Rivera, seconded by Mr. Walsh, the public forum on any item was opened by acclamation.

Public
Forum

Mrs. Kas made the following statement: “Please sign in and state your name and whether or not you are a Jackson resident. Each person has a maximum of three minutes to speak. No person may speak more than once on a topic until all others have been heard.”

Michele Stonier – resident and parent – She has concerns regarding the lack of offerings for advanced students in Jackson. She expressed her frustration in the past regarding her own children’s abilities in comparison to what is offered academically. She is concerned about learning about the elimination of 5th grade advanced math. She is concerned about the curriculum lacking flexibility for high achieving students who are not getting the attention they deserve. She would like to see gifted and talented programs for higher performing students. She asked that decisions related to 5th/6th grade advanced math programs, additional advanced classes and curriculum be reconsidered for students who have capabilities to move at a faster pace.

Stephanie Rucci – resident and parent – She asked that the athletic records sports boards at Memorial be moved to Liberty so they can continue to be recognized and updated. She volunteered the Memorial boys’ and girls’ wrestling team to assist moving them this summer.

Seeing no one else come forward, on a motion by Mrs. Rivera and by acclamation, the public forum on any item was closed by acclamation.

Mrs. Pormilli responded she did not want to talk about individual students publicly, she will reach out personally to Ms. Stonier. Mrs. Pormilli noted it is something administration is looking at and she will talk with the assistant superintendent about what the plan is moving forward.

Mrs. Pormilli noted administration is planning to preserve the athletic records to make sure everything continues to be acknowledged. She thanked Ms. Rucci for offering to volunteer and noted more information will come regarding that soon.

Mrs. Kas opened the floor to Board comments.

Board Comments

Mr. Walsh is happy to see esports at Jackson. He noted a lot of schools in Ocean and Monmouth County have flashing caution lights on the main roads in front of their schools when students are coming to and leaving school. He thinks we need to broach the township or the county to see who can put them up in front of our schools so there is a bit more warning for people to slow down. He wished everyone a good summer.

Mr. McCarron wished everyone a safe summer and congratulated the graduates.

Dr. Osmond wished congratulations to the graduates. She is proud them and hopes in years to come we'll see them doing great things and giving back to the town that gave them so much.

Ms. Rivera thanked everyone for coming out this evening and viewing on live stream. She congratulated the graduates and wished them success on their next endeavors. She wished everyone a wonderful summer.

Mrs. Barocas congratulated the graduates. She was happy to attend the ceremonies. She thanked Colin for doing an end of the year speech. She looks forward to seeing everyone in September and hopes everyone has a nice summer.

Mrs. Gardella congratulated graduates. She liked Mr. Walsh’s idea about traffic safety lights. She wished everybody a great summer and hopes people will tune in with over the summer.

Mrs. Kas congratulated the graduates. She congratulated Mrs. Pormilli for being named Superintendent of the Year. She thinks it is well deserved because this has been her most challenging year.

There being no further discussion, on a motion by Mrs. Rivera by acclamation, the meeting was adjourned by acclamation at 7:23 p.m.
