SUPERINTENDENTS REPORT

1. Student Board Member Report  
   • None until September
2. Remarks from the Superintendent

Mrs. Pormilli began her superintendent’s reports by providing the Board and the community with an update and by sharing some things that have been happening in the District over the summer and most recently within the last week. Mr. Rotante, the Assistant Superintendent of Curriculum, along with some of our directors, supervisors, teacher leaders, and other staff members, have been working with our newly hired staff through new staff orientation. It was exciting to see all of the eager, new faces on Monday as they are ready to work with our students. We had the opportunity to do a fun activity together; Mrs. Pormilli spent time with the teachers talking about our mission statement and philosophy about a student-centered classroom. They spent two days learning about other departments in District as well as had the opportunity to visit their buildings and classrooms with the principals. It is always an exciting time working with new staff; Mrs. Pormilli thanked the administrators for all of their contributions.

All of the summer programs concluded; it was quite a successful summer. It was a very busy summer with our students in credit recovery programs, enrichment programs, and lots of opportunities for students to learn academically while having fun.

High school seniors have been preparing to return to school by painting their parking spots. It is a new initiative for high schools; Mrs. Pormilli was able to observe some of the paintings and talk to the excited students. She gave kudos to the high schools for advocating for this project on behalf of the students; it is a wonderful opportunity for them and a great way to come back to our schools.

Next week, we will begin to welcome many of our students through kindergarten, sixth grade, and ninth-grade orientation. We are also bringing in other students who have not had an opportunity to see the schools perhaps because they were remote students last year. We are excited to start seeing our buildings come alive with students again. Our administrative team has been busy preparing to welcome our staff back next week for September first, second, and third by preparing some professional development. Again, it is a very exciting time and we are looking forward to seeing students on September 9.

In June, there was a presentation at the Board of Education meeting introducing the common lunch period at the high schools that was set to be implemented. We have decided to pause that until the second semester and wanted to make that announcement publicly. Parents will hear more information about their student’s normal lunch periods from building administrators. We are looking forward to starting this in February.

On Monday, Mrs. Pormilli communicated with the community about the Road Forward plan that we are required to have for reopening our schools. She recognized that there are multiple perspectives on how the schools should open based on the executive orders that have been issued by our governor. While the District appreciates everyone’s perspective, the District has been put into a very difficult place. We have an executive order that we are required to follow by law. We recognize that there are also many people and many students who are in favor of that executive order and who do want masks.

She hopes that everyone understands that we are all humans trying to do the best job we can in a very difficult situation. We care deeply about students and we ask tonight when you speak, and we do want to hear from you, that you please be respectful and know that we are all human beings trying to do a good job. We will make the very best situation we can out of a difficult one for the students. We care for students and we will ensure that we try to give them the best education. We will educate them and get them to engage in school. We are excited that everything will be operational, five days in person, full activities, athletics, and co-curriculars.

Mrs. Pormilli concluded her superintendent’s reports and turned the meeting back over to Mrs. Rivera.

Official Board Meeting

passion to the governor’s office. She stated that she listened to every comment and took copious notes. She began to address comments and correct some misconceptions.

She explained that funding loss ramifications was not the only reason the District will be following the executive order. There are also sanctions to districts that do not follow executive orders. This has been told to the District and demonstrated by others such as Middletown. There has been a conversation from the governor’s office to Middletown, stating that they will sanction them in a variety of different ways.

Mr. Zitomer clarified that sanctions spelled out in Executive Order 251 include fines up to $1,000.00 per person and imprisonment up to six months. Mr. Zitomer urged the audience to speak to their legislators and the governor.

After many call-outs and audience interruptions, Mrs. Pormilli stated that she is a deep advocate for students spanning a thirty-year career. She was not going to continue with the meeting if she was going to be interrupted or called a coward. Again, it is a very difficult situation to be in and we are trying to work our way through it. We are required to follow an executive order but audience displeasure with the executive order needs to go to the governor’s office. We did make a plea to the governor in the spring. We did put a survey out to everyone.

We were offering mask-optional guidelines in our original plan until the executive order came out. While this is not pleasing to hear, we are required to follow the executive order. We understand your perspective, we have heard you. Mrs. Pormilli added that for the students that came to the microphone to speak, she appreciated their courage that it took to come to the mic. We do advocate for our students to be able to voice their opinion so we appreciate that.

A parent had questioned what the District’s official mask policy was. The additional details are forthcoming. We do have a policy in place and we are reviewing what our consequences are from not wearing the mask. We had been quiet for a while when we were waiting to see what other executive orders would come to us.

She knows that right now is upsetting and frustrating to all and that is not what we want our parents or our students to feel. We will do whatever we can to help ease the burden for students in the classroom; we are looking at ensuring mask breaks that we take frequently, and we allow students to have that opportunity because we do know that it is a long day. We will ask your child to put the mask on; if they refuse, we will give the parent or guardian a call and ask you to work with us.

Board Comments

As Mr. Spalthoff began, members of the audience interrupted. Mr. Zitomer called order to the meeting and pointed out the security presence, asking them to remove disruptive audience members if need be. Mr. Spalthoff stated that as an administrator in another district, he can appreciate the frustration from both an administrative level and as a father of three children. He stated that he took copious notes and he looks forward to speaking with the administrative team more in-depth about some of the concerns presented.

Mr. Herman thanked everyone for coming. He hopes the executive order will be rescinded and pointed out how many important items were approved on the agenda tonight. He pointed out the transportation capabilities and enhancing the safety of all children, aside from the short-term issues that we are facing in the District. We are focused on long-term issues. We approved more vendors to provide special education services, to be able to reach more children. He hopes that we can work together.

Mr. Acevedo thanked those who came out and were civil. He wishes there were more crowds such as tonight. He mentioned his father’s military service and related wearing a mask to the Holocaust. He explained that he was frequently adjusting his mask because he needed more oxygen; he continued that he has a bad heart and believes he would die from COVID if he was to catch it. He stated that he has sat on Mental Health boards and as a teacher, had to bury a student every year for five years. His sister and his son both had COVID and spent a long time recovering. He also spoke about being a coach and the importance of lung capacity among athletes. He stated that the District cares about the students and when parents raise their voice at the Board, they must understand that the Board has certain limitations and responsibilities. He stated that COVID was a disease that no one understood. Mr. Acevedo was challenged and interrupted by the audience throughout his comments.

Mr. Burnetsky thanked everyone for coming out and declared that their anger was righteous. As said before, the anger needs to be directed at Trenton. He stated that the governor is a carpetbagger from Massachusetts giving these orders. He added that it was his personal intention to never wear a mask again in this free country. He is doing his part to make that true everywhere and stated that if someone wants to come into his store without a mask, they can do so.

Mr. Walsh stated that their voices have been heard and we will see what we can do to make some adjustments. The superintendent will be working on it. He wished everyone a good night.

Mrs. Rivera thanked everyone for coming and for their input; comments have been heard. She stated that she is urging everyone to advocate to local legislation, along with the government, and wished everyone a safe night.
Adjourn

There being no further discussion, on a motion by Mr. Walsh, seconded by Mr. Burnetsky, the meeting was adjourned by acclamation at 8:57 p.m.

Respectfully Submitted,
