BOARD OF EDUCATION RECOGNITION  

1. Student/Staff Recognition  

- 2017 N.J. Exemplary Secondary Educator Award – Lauren Komanitsky/MeAuliffe  

Board Member, Mr. Walsh stated each year, the New Jersey Department of Education invites public school districts to nominate outstanding educators for special recognition. The recipients of this competitive award exhibit strong knowledge and skills, an inspiring presence, and a positive impact on students, colleagues and the school community.  

Tonight it is our pleasure to recognize one of our teachers for earning this prestigious and important award. Mrs. Lauren Komanitsky was nominated in secret by her principal, Mrs. Debra Phillips, and just recently learned she won this award.
I wish I could just read to you the entire letter of recommendation written by her principal. It details about a dozen ways Mrs. Komanitsky is a living example of how to reach students, give back and inspire others.

Lauren has been a special education literacy teacher for the last fourteen years. Her ability to motivate our lowest ability and least motivated readers into reading dozens of books a year is nothing short of miraculous! She challenges each student to take the small steps necessary to grow incrementally. Mrs. Komanitsky develops a positive classroom environment based on mutual trust and understanding. Her commitment to excellence reaches well beyond the classroom walls.

Lauren was one of our Education Achievement Coaches, and in that role trained hundreds of teachers and administrators in Monmouth and Ocean Counties on evidence-based best practices. She actively participated in our Peer Observation model to demonstrate to other teachers how to incorporate these teaching strategies into everyday lessons and activities.

With this tremendous experience, Mrs. Komanitsky was an active member of the McAuliffe School Improvement Panel, helping to develop professional development opportunities, to develop a positive building climate and culture, to incorporate literacy strategies across the curriculum and to coordinate a school-wide Peer Observation model.

She is also the advisor for the Lion Pride Mentoring Program, which pairs students in need with staff who will take them under their wing. She has also been an active participant in many school-wide programs including Parent Literacy Night, McAuliffe Poetry Slam, and SOS Committee Chair which provides training to newly hired teachers to the district.

As if that wasn’t enough…

Through soul searching, teaching experiences and the Achievement Coach Cohort, Lauren has developed Limitless Academy, a program where she helps students reach their potential by helping them be risk-takers, learn something new about themselves, develop a passion for learning and reach their highest potential.

On behalf of the entire Board of Education, it is our pleasure to recognize Lauren for all the ways she demonstrates her passion for teaching and for helping to develop confident, informed, compassionate students.

I’d like to call up Mrs. Lauren Komanitsky and her principal, Mrs. Debra Phillips.

- **Elms $1,000.00 First Energy Future of Jersey Fresh Grant Award**

Board Member, Mr. Burnetsky stated tonight we are proud to have with us staff members who have worked hard to earn grant money for the district … and an organization who is a longtime supporter of education.

FirstEnergy offers grants up to $1,000 to individual teachers and administrators at schools served by the utility. Company-wide, these grants totaled almost $70,000 in 2017.

Only 11 teachers in New Jersey were awarded STEM classroom grants from the FirstEnergy Corporation. The grants, totaling almost $8,000, will be used for a variety of hands-on projects, workshops and academic programs across Jersey Central Power & Light's (JCP&L) service area.

We are happy to have earned one of those grants right here in Jackson, thanks to the administration at Elms Elementary School and teacher Danielle Parella.

Ms. Parella wrote the grant proposal to assist with the school’s aquaponics program. This program was piloted over the last year in our district and expands this year to other schools and grades. Ms. Parella has earned $1,000 from the FirstEnergy Foundation to help support that program, which donates the food produced in the aquaponics system.

Here tonight to present a grant award is Courtney Donaldson from First Energy … and receiving it are teacher Danielle Parella … and Elms Elementary School Assistant Principal Shawn Levinson.

2. Township Officials Present in Audience

None this month.

Mr. Sargent turned the meeting over to the Superintendent.

**SUPERINTENDENT’S REPORT/INFORMATION ITEMS**

- **Student Board Member Report**
  - Christie Suszko – Liberty
  - James Cook – Memorial

Dr. Genco announced Christie Suszko of Jackson Liberty High School will present her report to the Board:
Good evening to the members of the Board of Education, the Superintendent, district administrators, staff members, teachers, and to those of you in the audience. I look forward to updating you tonight on some of the exciting activities at Jackson Liberty High School over the past few weeks.

Our winter sports have all begun their seasons. The Girls Swim Team has broken three records only three meets into their season, including the 200 medley relay, 100 fly, and 500 free. Additionally, the Boys Swim Team has broken two records as well: the 500 free and the 100 backstroke. The Boys Ice Hockey team is currently sitting 2-2-1 within their conference. Both Boys and Girls Basketball defeated Pinelands to get to 1-1 on their seasons. Wrestling opens up their divisional schedule this week at Point Boro, and the Indoor Track teams begin Shore Conference competition this week at the Shore Track Season Opener at the TR Bubble.

The Liberty Choir had their Holiday concert last Thursday. The showcase was a success, with audience members giving a standing ovation. The band will also be having their winter concert this Thursday, December 21st. Come out and enjoy some wonderful holiday music!

JTV is running their annual Holiday Spectacular Show at the end of this week. It’s a day filled with games, music, and fun videos. This year they recreated the entire movie, “It’s a Wonderful Life.” Everyone is excited to watch the all-day event!

The Liberty DECA and Future Business Leaders of America chapters as well as our Mock Trial team are preparing for their competitions coming up in January. The Future Educators of America will be teaching students at Crawford tomorrow for Junior Achievement. In addition, the FBLA Business Competitive Team just won at the Monmouth University Competition. We congratulate them on their success!

Our AP Government class went to Model Congress two weeks ago. There, students broke up into the Democratic, Republican, and Independent parties. Liberty students were picked for various leadership positions, including a whip and clerk. Upcoming trips are in January and March.

The STEM Academy will be holding a STEMposium Q&A session with Liberty Alumni in the science, technology, engineering, mathematics, and business fields this Friday. Speakers will include computer engineers, medical students, a veterinarian, and an actuary. This session will give seniors the chance to talk to professions in the fields they are interested in going into!

In addition, the Liberty hallways are currently decorated for the holidays. Last week there was a door decorating contest, where teachers went all out. Decorations included the Grinch, Santa coming down the Chimney, and the Polar express.

Finally, Student Council has been very busy. Grim Reaper, where students were educated on safe driving, occurred last week. The emotional performance brought students to tears, making them think twice about their driving habits. In addition, Liberty Idol is in the production stage and the performers are working tirelessly to put on the best show possible.

As we approach winter break and our winter sports and clubs begin their seasons, all of our faculty, staff, and students look forward to see what new events and achievements are in store at Jackson Liberty for the rest of the 2017-2018 school year.

Dr. Genco thanked Christie for her presentation.

Dr. Genco announced James Cook of Jackson Memorial High School, will present his report to the Board.

Good evening to the Board and all attendants.

Many early decision applicants heard back from colleges last week, and there has been great news so far. My friends have been accepted to places such as Virginia Tech, Stevens, and Rutgers University. I’ve been accepted to Boston University on early decision, which is binding, so I’m fully committed and ready to ship up to Boston. Without the excellent education we’ve received at Jackson Memorial, none of this would have been possible.

To shift towards something that may put a damper on our holiday spirits, the Grinch is back in town. The Grinch, of course, being PARCC testing. This will take place throughout the remainder of this month and into the beginning of January. Although students sigh at the mention of the PARCC, we expect nothing but the full effort of the student body when taking it.

Previously I had discussed the upcoming student exchange program that would be taking place between Memorial and Liberty. The first exchange occurred recently when the Liberty student council visited. They
enjoyed sitting in on our AP programs, such as AP government and AP physics, and taking part in some of our phys. ed. activities throughout the day. In addition to experiencing our AP’s, the exchange students took the opportunity to sit in on our popular wood shop course. Liberty now has a sense of what academic life is like here at JMHS and I eagerly await my visit to JLHS.

Focusing now on JMHS athletics, all of our winter sports are off to a great start. Basketball, winter track, and wrestling are practicing hard and working towards the first games, meets, and matches of the season. For the first time in school history we’ve had the honor of having two of our students, Macie Brand and Jess Towns, be named as all-state cheerleaders. Not only do these two excel in the realm of cheerleading, but they are members of the STEM class of 2018.

The early December showing of Miracle on 34th Street went very well and was an excellent way to kick off our winter season at JMHS. The play brought residents of Jackson together as all JMHS productions do. If this early production is any indication of the quality of our upcoming plays, I would strongly encourage attendance in the future.

The ROTC Toys for Tots event is coming up soon. The gift of charity and giving back to community is something that the ROTC has mastered over its course here at JMHS, and providing toys for less fortunate children simply reinforces this virtue.

With Christmas knocking at our doors, we must remind ourselves that spreading the gift of charity and the Christmas spirit to our community is imperative. JMHS will continue its tradition of excellence, academically and athletically, as well as provide a platform for its students to exceed in the realm of higher education.

I’d like to wish you all a Merry Christmas from Jackson Memorial High School

Thank you.

Dr. Genco thanked James for his presentation and congratulated him on his acceptance to Boston University next year.

Ms. Grasso congratulated James on his acceptance to Boston University.

Dr. Genco announced a 2 minute recess to allow some audience members to leave the meeting.

Presentations

Dr. Genco stated the auditor is not able to attend tonight’s meeting due to illness, therefore, Ms. Richardson is going to present our findings. She is going to tout that there are no recommendations and that is always a great thing.

- June 2017 Comprehensive Annual Financial Report – Suplee Cloney and Company

Ms. Richardson explained the various components of the annual audit that is required by law to be done every year and also wanted to present the Board with the results of the June 2017 Comprehensive Annual Financial Report as prepared and submitted by Suplee Cloney and Company. Based on the audit results, no recommendations were presented to the district by the auditing firm. Ms. Richardson thanked her business office staff for doing a great job in making this possible.

Public Forum on the June 2017 Comprehensive Annual Financial Report Only

On a motion by Mr. Burnetsky, seconded by Mr. Dey, the public forum on the 2017 Comprehensive Annual Financial Report was opened by acclamation.

There being no response, on a motion by Mr. Walsh, seconded by Mr. Burnetsky, the public forum on the 2017 Comprehensive Annual Financial Report was closed by acclamation.

Dr. Genco thanked Ms. Richardson for presenting a concise report and will speak with the auditor about his being more concise as she was in her report to the Board citing your report was actually enjoyable.

Remarks from Superintendent

- 2017-2018 District Goals Update

Dr. Genco presented the Board with the current status of where we are at with district goals. Our first goal was the aquaponics objective K-12. We have actually created aquaponics systems at Jackson Memorial and Johnson, they are in the process at Crawford-Rodriguez and Jackson Liberty. Our STEM Academy internships are working with the elementary schools to provide learning experiences and that’s already happening. Dr. Genco shared we actually had some issues at Johnson and some of the high school kids came to help the elementary students figure out why some of the plants were dying so it was interesting to watch. The Memorial and Liberty high school students were actually able to watch a live surgery from Robert Wood Johnson University Hospital and it was very interesting so we’re trying to virtually conduct more experiences with all of the grade levels. Just last week they had high school kids going down to Switlik and do coding
with the elementary students so we’re trying to work with different experiences and this was our first goal from a curriculum standpoint.

Dr. Genco stated with facilities, we are always enhancing our facilities. Again, with the Architect of Record, we requested they draw up plans for a satellite transportation facility and to also possibly authorize some of the funds for capital expenses for all the moving parts as this changes what our needs are. If you haven’t yet, you may check out our new security vestibules at Switlik and Rosenauper, they look great. They just need to adjust some of the wiring on how it is going to lock but the vestibules are in place. If you would like to see them, he offered either he himself or Ed Ostroff will meet you to see what they look like noting we’re very happy with what they look like. We’re also still in the process of decommissioning that sewer plant and inquired to Mr. Ostroff whether anything has come back from the last of the tests.

Mr. Ostroff responded we have the results and it was a positive standing but it does not affect us moving forward with the decommissioning; the engineer is still working on the specifications for that.

Dr. Genco asked when is that going to be done.

Mr. Ostroff responded we’re hoping to go out to bid in early spring and would suspect late spring or early summer.

Mr. Walsh stated he sees the scoreboards went up at Liberty; they look good what about the solar portion of that.

Mr. Ostroff responded the portion of it that we’re doing in-house has to be scheduled.

Mr. Walsh asked will this be done by spring.

Mr. Ostroff responded yes; this is on the schedule for the next few weeks.

Mr. Ostroff responded it is doing good and is operating at 75 gallons a minute.

Mr. Walsh commented that is excellent that they were able to rehabilitate it.

Dr. Genco commented this is actually something we were going to discuss at the next Buildings & Grounds meeting noting Mr. Ostroff is making some headway on getting water on some of those Liberty fields.

Mrs. Dey thanked Mr. Ostroff.

Dr. Genco continued with the goals update citing in finance we are in pretty good shape as per the audit and some of the energy savings that we reported on last month; we talked about that as one of our objectives.

Dr. Genco stated on the curriculum piece we’ve implemented the science and social studies curriculum for K-5. We’re almost done with the review of grades 6-12 Math and K-12 Technology. We’re still constantly looking to PD to enhance more student engagement practices district-wide and expanding class resource rooms to second grade and we’ve done that. One of the big focuses is increase of student mental health; we are seeing that and we’re seeing more of a need for that noting the one thing he is very happy to report is you have students at the secondary level reporting it for someone they think is in crisis or for themselves and that is a good thing, it is a huge step for that age group to start to see something and if they don’t like it, to tell an adult to get to the bottom of it so these are good things.

Dr. Genco continued the other two goals are the standards based report card; we’ve reviewed the implementation; we’re going to do some slight tweaks so that it’s in a pretty good place. The Academy of Arts is up and running; we’re just trying to look for a way to add dance to the equation next year. We are in a good place on all of these and the home school connection.

Mr. Walsh asked with the dance component, is it correct that we don’t have dance yet.

Dr. Genco responded correct.

Mrs. Licitra explained we are working on this for the 2018-2019 school year so right now for next year we do have a dance component strand.

Mr. Walsh explained he is actually getting feelers for this outside the district.

Dr. Genco stated he actually thinks we are not going to have any trouble filling that strand once we put it in place; it’s just a matter of finding a way to put it in place.

Mrs. Licitra explained as of last year we only had one dance studio at Memorial and as of this past summer we have one at Liberty.

Ms. Grasso stated we had a committee meeting a while ago and there were a lot of dance parents there whose children take dance and imagines we will not have a problem once we open it hopefully.
Dr. Genco stated we continue to define the new website and the home school connection and requested Communications Specialist, Allison Erwin, to elaborate on what we’re going to do.

Ms. Erwin presented the Board with a brief review of the new website additions and how their functions will enhance connections between staff and the community that include a twitter feed currently being piloted with Ms. Phillips at McAuliffe to see how that works out. Ms. Erwin explained the new website has a lot to do with accessibility guidelines and the guidelines are very strict right now.

Dr. Genco thanked Ms. Erwin and asked if anyone has any questions.

There were no questions presented.

Dr. Genco stated this concludes our goals.

Dr. Genco stated while he has not been able to get to all the holiday concerts, the ones he has been able to see have been great citing he was at the Menorah lighting ceremony at town hall last night with Mr. Sargent, Mr. Walsh and Mrs. Licitra and as always the students were the hit of the show, they just do a phenomenal job; and always Mrs. Eisenschmied does a nice job with that. Moving into the winter season and over the Christmas holiday, you’re going to see the basketball teams and wrestling teams in their tournaments, dual meets and certainly the track teams. Ice hockey is all off to a good start citing Mr. Sargent has a passion for hockey and thinks the hockey teams do a tremendous job. He stated last year he believes both hockey teams won their conferences which was a first for Jackson and do believe there is a tremendous amount of talent in Jackson for hockey. Both teams are a little bit younger this year and not certain if they will win their conferences but they certainly will be competitive. I bet you are amazed I follow hockey.

Mr. Sargent thanked Dr. Genco.

- ACCASBO JIF Safety Awards
  - Safety Incentive Award - $1,750.00
  - Maintaining a Loss Ratio of 50-90% - $500.00

Dr. Genco announced our district won the JIF safety incentive awards that resulted in achieving $1,750.00 to the district and we have maintained a very good loss ratio of 50-90% that resulted in another $500.00 from our JIF (Joint Insurance Fund) so we need to thank Mr. Ostroff and his staff with the safety incentive award and thank Cee LaPoint, Cindie Thompson, the district Nurses and Supervisors for getting claims done on a timely basis and certainly for their thoroughness in reporting citing these are all good things; they’re actually not the norm, they’re the exception and that’s why we’re seeing results like this and doing them well.

Mr. Sargent asked where the award money goes to.

Dr. Genco responded it goes into the general fund.

Mr. Sargent asked would you be able to use it for a luncheon for them.

Ms. Richardson responded we aren’t allowed to do that.

Mr. Sargent clarified he means to use it in a training forum with food provisions.

Ms. Richardson explained the Department of Education does not permit districts to buy food for Staff. The funds will be used for safety initiative expenses by the Building & Grounds Department.

Dr. Genco concluded his Superintendent’s report.

Discussion – December 19, 2017 Agenda

Mr. Sargent asked the Board if anyone has anything to report on the Standing Committee reports.

Standing Committee Reports:

- State and County School Boards Representative – Mr. Walsh, Ms. Grasso, Mrs. Dey
  
  Mr. Walsh stated he attended the county school boards meeting on December 11th.

---
They talked about the 20/20 initiative; the new technology plans they have going on; training sessions they have coming up; training on Superintendent evaluations on February 3rd, 2018 from 9:00 a.m.-11:00 a.m. but they also offered to send someone here to the district if we prefer to go over the whole thing with us noting they will train us in-house if we want. For new Board members that want updates, they have something going on January 5th, 6th, & 7th. There is a leadership meeting for Presidents and Vice Presidents on April 20th through April 22nd. On February 8th, Monmouth and Ocean County will have a joint meeting session for which they will do Governance II, III & IV for those people who need it. They had a big presentation on Arts Education; they went into how they measure it and the parameters surrounding it; they look at each one of our schools and how they are graded out noting that was interesting. It is based on a number of team courses that you have, teachers that you have and the course size for the school noting Liberty graded out very high and Memorial graded out very low. They have an equal number of classes but it was just Memorial graded lower so it’s a bit deceptive but overall the district grades out medium to high as far as the art education is concerned. They had an interesting group of presenters and in fact they asked us about dance because they want to know if dance works at the secondary level, then we can introduce it at the lower and elementary levels. There was also legislative information such as summer meal programs, supplying school lunch and breakfast. There is an initiative for chronic absenteeism and reasons why we have to cut down on that.

Mr. Walsh asked do we have any polling places in district.

Dr. Genco responded yes, Holman School.

M. Walsh explained there is an initiative about closing school polling places.

Dr. Genco responded they’ve been talking about that for a while but so far we’ve been able to maintain the integrity of that building. We’ll be writing a letter to the Board of Elections to see if they can move it from Holman. We do that every year and we’re going to do it again.

Mrs. Dey asked we did get it moved out of Elms correct.

Dr. Genco responded yes we did get it out of Elms and we’re going to do a strong push to get it out of Holman.

Ms. Grasso stated that is a concern of hers.

Mr. Walsh stated this is what they are trying to push through legislation.

Mrs. Dey shared they use the firehouses but there are two of them they don’t use that would serve the purpose.

Dr. Genco responded that would be great and again we’re going to try and change it out of Holman.

Ms. Grasso commented she is not comfortable with the influx of people in and out of that building.

Dr. Genco stated none of us are.

• Parent Group Liaison – Mr. Burnetsky

Mr. Burnetsky stated we met on December 2nd with the vast majority of the PTA’s PTN’s PTO’s and talked about the absentee call; everybody was happy at the fact that the phone calls will go out earlier. Now that everyone has cell phones, they can call earlier. The next meeting is scheduled for February 5th.

• Special Education – Ms. Grasso

Ms. Grasso stated the next SEAC meeting is on January 8th. She may have a schedule conflict and will let the Board know but one of us will be there. These meetings are being video recorded and put up on the webpage. On January 18th, there’s the life after school again and development with disabilities. This is really important because it’s all about what to do with these children when they age out and for someone like herself, it is super relevant and would like to see more people there. There doesn’t seem to be as many people there as there should be in a district our size.

Mrs. Dey stated it is important this is posted on our website because it is important.

Ms. Grasso commented there is such wealth of information that’s added at these meetings.

• Scholarship – TBD

None to report.

• Budget/Finance – Mr. Burnetsky, Ms. Grasso & Mr. Walsh (alt. TBD)

Dr. Genco stated this is coming up very soon.

• Negotiations

* JEA – Mr. Burnetsky, Mr. Colucci & Mr. Sargent
Official Board Meeting  
December 19, 2017  
District Administration Building  

* Teamsters – Ms. Grasso, Mr. Sargent & Mr. Walsh  
* COSA – Ms. Grasso & Mr. Sargent  

Mr. Sargent stated we have them and they’re going well.  

- Buildings & Grounds – Mr. Colucci, TBD & Mr. Walsh (alt. Mrs. Dey)  
Mr. Sargent stated he believes Dr. Genco covered everything in his presentation.  

Dr. Genco stated yes and we will be meeting in February.

RESOLUTIONS FOR ACTION
Board Member Inquiries/Comments on Finance

Mr. Walsh inquired about the series of cooperative pricing; is this something we do every year.

Ms. Richardson responded yes every year.

Mrs. Dey asked did we only receive one bid for bus advertising.

Ms. Richardson responded yes, we did put it out to bid but only one company bid on it and it happens to be the same person we have been using who used to be with EIRC and now he is on his own.

Mr. Walsh inquired about Finance motion #22.

Dr. Genco responded the contract amount changed and that is why it was added to the addendum; it’s the same thing it is just that the dollar figure is slightly different.

Ms. Grasso inquired about Finance motion #19; we have fathers and their daughters building gaga pits, is that what’s happening.

Ms. Richardson responded yes, it’s a girl scout project.

Ms. Grasso commented and they are affiliated with that school, that’s great.

Ms. Richardson responded yes.

There were no further inquiries/comments on Finance.

FINANCE:

On a motion by Mr. Burnetsky, seconded by Mrs. Dey, the Board of Education approved the following motions in block formation:

MOTIONS CARRIED

Board Member Inquiries/Comments on Facilities

Mr. Sargent asked for the groups that are filed for use of facilities; how often do we re-evaluate the pricing on this.

Dr. Genco responded that is actually tied to policy; we could review it yearly or bi-annually; that would really be up to the Board. That is policy where we set pricing not last year but the year before.

Ms. Richardson stated we clarify pricing according to the area being utilized.

Mr. Sargent asked how you would evaluate what the proper pricing would be.

Ms. Richardson explained what was done prior to setting our pricing was we received quotes from other districts to be in the ballpark of what others were charging.

There were no further inquiries/comments presented on Facilities.

Board Member Inquiries/Comments on Programs

Mr. Walsh inquired about Programs motion #3.

Dr. Genco explained they are two different documents; the MOA is the memorandum of agreement; we sign that to allow sharing of information to the police department. The MOU is the memorandum of understanding that we put in place last year, it is now a law. We had the availability of live streaming to make it available to the police. The memorandum of understanding sets guidelines on when the police can look at it and more importantly, they have instant access during an emergency. Say something happened and they want to look at our cameras, with a non-emergency situation, they would have to get the approval from me and the system in place allows me to see every time police officers’ login. This is on our server and is controlled by us. Anytime the police department logs in, we get an instant e-mail of time of login that he monitors. Although not part of the MOA, we have a list of anyone who has access to the cameras so that’s all part of the MOU now.

Mr. Sargent asked in addition to yourself, would the Assistant Superintendents get the e-mail as well.

Dr. Genco responded in that particular case he did not put a designee out; they go directly to me because I may actually not go directly to the police, I may go to the Principal to see what’s happening.

Mr. Sargent asked let’s say you were skiing in the Alps.

Dr. Genco responded then I would call the office.

Board Member Inquiries/Comments on Students

Mrs. Dey asked what we are looking at with the out of district placements costs.

Dr. Cerco responded they are the same across the board and then we are given new rates in January noting some go up and some go down per day; sometimes we receive refunds back from schools.

Mrs. Dey commented some of these tuition costs are high.

Dr. Genco agreed they are high.

Ms. Grasso stated she knows she is supposed to know this but can’t recall at the moment, what is the out of district number.

Dr. Cerco responded 78.

Dr. Genco stated the out of district really runs the gamut; if you have public to private, (that is along the lines of the educational commission), those costs are relatively good compared to private to private. He knows the state audits them but there is a lot of flexibility in those numbers.

Mrs. Dey stated out of state, there was an investigation going on about this, it was in the news.

Dr. Genco responded 78.

Mrs. Dey stated out of state, there was an investigation going on about this, it was in the news.

Dr. Genco responded yes.

Mrs. Dey stated so going forward in using taxpayer dollars, she has concerns about it but again it’s about the student and the recommendation that comes in the documentation.

Ms. Grasso asked can they charge what they want to charge because it’s private-private.

Ms. Richardson and Dr. Genco responded they are audited by the state. Dr. Genco stated there are some parameters but there is a lot more flexibility than a district would have.

Mrs. Dey stated but again it’s out in the news and is under investigation because it is problem.
Mr. Sargent commented it’s nice to see both hockey clubs are on the agenda again.

Ms. Grasso stated she would like to note there is another person volunteering for another club.

Board Comments

Mr. Burnetsky commented he got up early to watch the Liberty Band in Philadelphia citing they did a great job; the parade itself, well, it was not New York, let’s put it that way. Our band represented themselves very well and was very proud of that, it was nice to see and wished everyone a Merry Christmas and Happy New Year.

Mrs. Dey commented at the last meeting we had requested some information on the list of volunteers; while it is all put up on our website; it’s only our teachers and staff members but our students and others from the community as well. It is a long long list and it is a wonderful thing. With sports, clubs and everything we have, they would not occur without the volunteers and thanked them all very much for their time.

Mrs. Dey stated she may need some guidance from the Board Attorney pertaining to a question she has for the Superintendent and it pertains to a document that was put up on Facebook and it was on Jackson School District letterhead; it was a letter written by an administrator and it was a recommendation to an attorney in a bordering town that comes up against us often.

Dr. Genco responded he is well aware of it and will be very general with it. Obviously the district was made aware of it and the district respectfully handled the situation. When somebody writes a letter of recommendation, typically it’s a practice that if you’re working and ask for a recommendation from me; I am the one supporting it, that doesn’t mean the Jackson Township School District or the Jackson Board of Education is supporting that recommendation, only that person is. Could people use other stationery, yes; ultimately all those things were discussed and we didn’t go into any detail because then it would become a personnel matter. He would just like to say that it would not be a Board of Ed recommendation and just a recommendation from that person.
Mrs. Dey stated she was approached by many members in our town and wanted to know exactly that so on record this Board member was upset.

Mr. Sargent asked Board Attorney, Mr. Montenegro, if this were in court, would it be a reach for another attorney to say well it's on your letterhead and it does represent the Board of Ed.

Mr. Montenegro responded it wouldn't be a reach but it could certainly be suggested and obviously the opposition would indicate where's the resolution or the authority to support that for this board action and the only way a Board of Education can is by its' members by way of a formal resolution.

Mr. Sargent thanked Mr. Montenegro.

Mrs. Dey stated on a happier note, she wished everyone a Happy Holiday and a Happy New Year. Mr. Walsh commented there are two staff members retiring; Mike Tomaino, Guidance Counselor and Andrea Harold who is a Substance Abuse Counselor and would like to wish them good luck and hopes they enjoy their next endeavors of whatever they get into and are sure they will both get into something.

Dr. Genco stated they will both be missed, they were outstanding professionals.

Mr. Walsh continued he did watch the band on TV citing he didn't go to Philadelphia and they did a good job. Mr. Walsh wished everyone a Happy Holiday.

Ms. Grasso commented one of the things she was passionate about when she first came on the Board was the school absentee epidemic in Jackson noting she still thinks 18 is a lot and that 10% of the school district is a fair goal. Time matters and being in school matters citing to her it is a very important thing. The earlier calls and e-mails goes a long way in driving home how important it is that kids come to school with the lives that so many of these kids have. It's a safe place and they belong in school. I’m really proud of that and thanked Dr. Genco for hearing her and her tantrums. The McAuliffe holiday concert at Liberty was standing room only. There were no seats and had to move kids back behind the stage because there were no seats, it was a mob scene and just thinks moving forward it might be a concern because people were standing in the hallways and out the back doors; Mr. Lamela was there and said he doesn't know what we're going to do about this and that's with the 6th & 7th graders behind stage. They did a great job and was very proud of them.

Dr. Genco responded that’s great and there are 900 seats there noting we use both sides of town because there are only so many dates and typically McAuliffe is doing something the same time Goetz is. Fine Arts is a little bit bigger facility but we don’t have two 1400 seat facilities.

Ms. Grasso stated she would say there were probably 100 people standing.

Mrs. Licitra asked did they stagger the time.

Ms. Grasso responded no they were all together.

Mrs. Licitra stated we had the same concerns a few years ago at Goetz so they staggered it.

Ms. Grasso stated she was thinking along the lines of it being a fire hazard and safety issue with many people standing along the back walls. It was great that there were so many people, it made you feel warm.

Ms. Grasso continued Mr. Lamela started a social lunch group at McAuliffe for kids that would just prefer not to be in the cafeteria especially the younger kids that fall into the 8th grade lunch periods. This has totally taken off and she knows this because of her son Max; it has just changed his world as a 7th grader so just wants to acknowledge Mr. Lamela for giving of himself and taking the time to do this; he orders lunch for them once to twice a week noting she is not only speaking on behalf of Max but for the other 20 kids too.

Dr. Genco responded that’s nice to hear and will let him know you said this.

Ms. Grasso shared she always tells Mr. Lamela what she thinks.

Ms. Grasso wished everyone Merry Christmas and Happy New Year.

Mr. Sargent commented he attended the Goetz Choir performance and it was amazing. We have over 300 plus students and it is the largest group to participate in a single group in the district. Mrs. Eisenschmied does an amazing job every single year; it was standing room only and was really great. I also went to the Liberty Choir and got there quite late so when he opened the doors, it was quite amazing what was going on in there. I went to the Menorah lighting and got there an hour early; that was interesting. The Honors Choir was singing there and it was nice. I want to take a moment to thank Mr. Ostroff for taking care of the bus parking lot and getting those millings spread out; that was looking rough for a lot of years and it is good to see it all cleaned up; it was helpful to me because I didn’t have to look at it. Mr. Sargent wished everyone a Merry Christmas and Jesus is Lord; have a good night.

There being no further comments, on a motion by Mr. Burnetsky, seconded by Mr. Walsh, the meeting was adjourned by acclamation at 7:38 p.m.
