

JACKSON TOWNSHIP BOARD OF EDUCATION  
OFFICIAL BOARD MEETING / BOARD GOAL SETTING  
JUNE 26, 2019  
DISTRICT ADMINISTRATION BUILDING

An Official Meeting of the Jackson Township Board of Education was held in compliance with the Open Public Meeting Law and was called to order by Board President, John Burnetsky, at 5:00 p.m. on June 26, 2019 in the Conference Room of the Administration Building.

Present:           Mr. Acevedo  
                      Ms. Grasso  
                      Mrs. Rivera  
                      Mr. Colucci  
                      Mr. Walsh  
                      Mrs. Dey  
                      Mr. Burnetsky

Also present: Dr. S. Genco, Superintendent of Schools; Mr. D. Baginski, Assistant Superintendent; Mrs. N. Pormilli; Assistant Superintendent; Ms. M. Richardson, Business Administrator/Board Secretary; Mr. M. Zitomer, Board Attorney.

On a motion by Mrs. Dey, seconded by Mrs. Rivera, the Board of Education adjourned to Executive Session to discuss contracts; employment of personnel-terms and conditions of employment; pending litigation; investigations and matters falling within the attorney-client privilege with respect to these subjects. This meeting is not open to the public. The Board would reconvene at approximately 5:30 p.m. in the Public Meeting Room of the District Administration Building at which time action would be taken.

The Official Meeting of the Jackson Township Board of Education reconvened in the Public Meeting Room of the District Administration Building in compliance with the Open Public Meeting Law and was called to order by Board President, John Burnetsky, at 5:30 p.m.

**SUPERINTENDENTS REPORT**

- Superintendent’s Report/Information Items

Student Board Member Report – None until September

- TBD – Liberty
- Antonio Farias – Memorial

Dr. Genco stated the first group we have here tonight are part of my Superintendent's report is the Jackson Police Department and an expert for those people in the audience that don't know, has asked us to consider placing a tower off of one of our properties because reception on the northeast corner they are having difficulty with and they need a tower in that location. The Board has asked them to come speak with Board about it because of towers being that close to schools and students.

Dr. Genco invited members of the Jackson Police Department to speak with the Board of Education.

- JPD Radio Communications Tower Proposal

Captain Wagner stated the township's radio system is in the process of coming to the end of its fiscal life and also because of FCC regulations, we have to move the frequency set so we had to find a new tower location on the east side of town. There is a peak that runs into a valley of Howell and we don't have a tower site on the top of that peak. All the houses in Brookwood 4 and anything else on that side of town would have no radio communications. Currently we are on top of the water tower of Brookwood 4; that site is not available for us to have a new system because the tower cannot handle both systems at the same time. The MUA also has plans to decommission their tower over the next couple of years so that means we would not have radio communications on that side of town in the next couple of months. We initially approached the fire company to put the tower on their property but our negotiations have stalled with them and we need to move forward with an alternative site. Now still, the fire company is an ideal situation because they are a little higher and have more available space but if you look between the building of Johnson School and the fire company, the parking lot there, we have about 140 feet off of the parking lot; there would be plenty of room to put our radio equipment and in the future, if there is a carrier that wants to go on there, there could be one to two cell carriers to go on there in the future to offset the cost of building the tower and the radio system. The cost estimate of the radio system is about \$6 million dollars and we've allocated up to \$350,000.00 to assist with communications within the schools. We've already purchased 10 radios to use the "Wave" system that the schools have to communicate with the town at our expense. We've also allocated up to 3 schools to have a bi-lateral feeder on top of each school just in case there are one or two schools that don't have proper communications for our purposes, we are going to put that equipment in the schools to make sure that fire, EMS communication is available in the schools. We anticipate McAuliffe Middle School being our biggest issue because it is built into a hill and naming Liberty that we throw in an extra \$100,000.00 just in case we don't get that school.

Dr. Genco advised the Board for instance, through shared services, Chief Kunz has allocated at least \$90,000-\$100,000.00 for those radios alone; they've been very generous with those things with the school district.

**Board Member Inquiries/Comments on Proposed Radio Communications Tower**

Mr. Colucci asked on the Liberty and McAuliffe side with the MUA water tower on the Liberty site, are you able to use that.

Captain Wagner responded we could and the general area has enough coverage but the more cost effective solution, if needed, is to put an individual bi-lateral feeder in the building.

Mr. Colucci asked isn't there one behind the Whitesville firehouse.

Captain Wagner explained that is a mono-phone system and we cannot put radio communications on there because of a problem with the drift of a microwave dish; it has to be a pretty potent tower because of how the modules rotate with the sun and our communications would work for cell phones but wouldn't work for emergency communications.

Mr. Acevedo asked what would be the concerns for parents.

Dr. Genco responded I want the Board to hear what the concerns might be because there are people out there that believe these towers close to the schools may create a health issue and this is why I asked the department to bring in an expert to explain what those possible health issues could be.

Mr. Acevedo shared his wife was a psycho-environmentalist of the year for a number of years in Ocean County. She helped keep a plant from storing radioactive soil; she also helped study the Rosenauer wires and we have discussed this, this is not a problem. Just 2 days ago there was a fire in my neighborhood and I could hear the communication between the firemen and police; the ambulances were arriving; this town has a problem with communication. This event could have been worse because it only lasted 4 minutes; they got to it in 2 minutes and in 4 minutes it was over. Someday we could have a major fire like we had back in 1965; that was like the recent California fire so we do need this. Think of safety and the future and planning and be able to accommodate what would be a safe situation for Jackson. I'm not voting for it, I'm supporting it. I'm saying yes it is wise to do it.

Dr. Genco stated I would like the expert to address the concerns before the Board makes a decision or takes action on this of what health concerns could be.

Joseph Chiaravallo stated I have been involved in this field for close to 20 years. The police department has asked about a tower and explained the tower structure through Telecom and what they do is take the parameters of the site and what I mean is the height of the tower, the transmitters the tower is using, antenna and several other factors and make a computation of what the level of radio frequency

emissions would be. Those emissions are measured at ground level and at above ground level, distances from the tower starting with 0 feet right below the tower and measure 500 feet at 20 foot intervals. The best way to look at this is the FCC has certain limitations on what the emissions could be and also the best way to look at it is in terms of percentage, anything less than the 100% of the level that is permitted is safe, anything greater is not permitted. Going on a scale of 0 up to 100% where 100% is permissible; the maximum parameters of the emission levels of these towers are approximately .002%, about 500 times less than the permitted level. To put this in some perspective with the environment at these particular frequency levels, an example people all know about would be electric motors tend to create electric noise. Telecom in the past has done studies of actual levels in homes caused by electric motors and it turns out electric motors that operate in a refrigerator typically exceeds several percent of its operating frequency. I would also like to point out that the levels are computed using several conservative consumptions.

Mr. Colucci asked the distances from where that proposed site was to the closest side of the building, where would the antenna be located, how close would it be to the school.

Mr. Chiaravallo responded I saw the site and from the building itself, it would be about 100 feet.

Dr. Genco stated I believe you said it would be about 140 feet from the building.

Mr. Acevedo asked how many trees would have to be sacrificed for this.

Captain Wagner responded I honestly don't know. The original plan of the original site just for the radio communications is 55 feet by 55 feet in that space and then there would have to be a small road placed in there. We would have to expand that site to add Telecom or whatever provider goes in there, it would be specific to whatever vendor goes on the tower.

Mr. Acevedo stated, however, if you're the kind of builder that tends to just cut the trees out and if you cut out what you have to, then that's what you have to do but if you do I wouldn't be happy about that and I would have to hesitate; I'm saying only cut what is necessary and not beyond necessary.

Captain Wagner explained we would have to cut within the 55 feet area and probably 5 feet around the fence and small road around the parking lot.

Dr. Genco asked for any further questions from the Board.

No further questions were presented.

Dr. Genco thanked the Jackson Police Department for bringing this matter to the Board tonight stating we will be in touch with Chief Kunz with the Board's decision.

Mr. Colucci stated I have a question about the fact of where this tower falls, how tall it is, and how it will affect our building.

Captain Wagner responded it is a 180 foot tower and supposed to sustain hurricane force winds.

Mr. Colucci asked is there any additional land you would need for live wires and such.

Captain Wagner responded no it is a self-supporting structure, it looks like a triangle and there are no live wires.

There were no further inquiries/questions presented on the tower.

Dr. Genco stated to the Board, we can discuss this now or we can discuss this next month but I want the people here to have the opportunity to ask questions.

Mr. Acevedo asked do we have to decide tonight.

Dr. Genco responded they would love to have us decide tonight but I'm not sure the Board is ready to render their decision tonight.

Dr. Genco asked the Board would they want to take a straw poll tonight on drafting a resolution for the tower to see if it will pass. We would have to draft and pass a resolution and add it tonight if we're so inclined to do so.

The entire Board agreed to have a resolution done and add it to the agenda on the tower project.

Board Attorney, Mr. Zitomer, will prepare the resolution.

Dr. Genco announced Mrs. Pormilli will present the 2017-2018 ABR and School HIB Grade Official Report.

- Anti-Bullying Bill of Rights Act (ABR) 2017-2018 District and School HIB Grade Official Report – Assistant Superintendent Nicole Pormilli

Mrs. Pormilli stated as you recall every year we are required to do a self-assessment of our practices related to HIB and Bullying and will provide you the 2017-2018 HIB school grade. We've actually presented these scores to you last year and the state just approved them. Nothing has changed; these are the same exact scores we had; they have to be posted on the district website and will be tonight.

Ironically here we are a year later and the Anti-Bullying Specialist just finished doing this year’s self-assessment and at July’s Board meeting and you will be presented with those scores.

Mrs. Pormilli presented a power-point presentation with a narrative recap of the 2017-2018 scores noting our district score went up a little bit compared to the prior year; the same applies for the middle schools and the high schools so we are at a high level of 90+%. We always strive in this area to try and improve and we’re very honest with our self-assessment; these scores have been approved and will be posted on our district website.

Mrs. Pormilli asked for questions from the Board.

There were no questions presented.

Dr. Genco thanked Mrs. Pormilli.

Dr. Genco stated before I move forward on the district goals and objectives, I just want to mention obviously at the end of the year, what is going on; I do want to commend the Principals at the elementary schools, I was able to get to 3 of the 6 moving up ceremonies; they did a very nice job. With the middle schools, I was in attendance at one and Mrs. Pormilli was attending the other. Both middle school promotions were outstanding and certainly so were the high schools. It was unfortunate that we had to conduct them inside, however, the ceremony is still intimate and they still do a fine job inside. If we can be outside and everybody sees it, that’s great but if you do get to be outside and it rains on your head, then you shorten the ceremony so you are better off going inside when the weather isn’t cooperating. We simulcast everything these days and certainly have other places you can watch it so that was our thinking. It was crazy that lightning struck and set a tree on fire near the front parking lot a ½ hour before graduation and thankfully nobody was injured. I was out there today looking at it and there were actually 4 trees impacted from the lightning and you see the bark was cooked all the way up. If anyone was on that island walking by, there’s no doubt in my mind we would have had a real issue. It certainly was the right decision to bring graduation indoors. I do believe that everybody who was outside on Wednesday and Thursday, ended up going inside; 1 or 2 groups were able to get outside and the people that did get out wound up shortening their ceremonies and I think that is cheating the kids; they’ve done a lot of work to get to that point; it’s certainly worth it to do it the right way. I am very proud of everybody at the end of the year and like everything else, there is a lot going on at the end of the year and we’ve certainly had another successful year. Later on and after our second executive session, we will be coming back to this meeting and planning for next year. We will review our plans for this year 2018-2019.

Dr. Genco gave a briefing of the district’s mission statement and the 2018-2019 district goals and objectives to the Board.

District Goals

District Mission Statement

The Jackson School District is a partnership of dedicated staff, learners and community members committed to developing the unique abilities of each student through compelling learning experiences in a safe and nurturing environment.

Our comprehensive, engaging and technology-enriched programs inspire, educate and motivate students to become independent, creative and critical thinkers who will thrive in a diverse, evolving global society.

We are resolved that through commitment to scholarship, character and initiative, our students will succeed beyond the expectations of New Jersey and Common Core Standards as they excel in their life-long pursuit of knowledge.

REVIEW of DISTRICT 2018-2019 GOALS

- **Special Question November 2018**
- **Facilities:** Improve and enhance facilities to create best environment for safe learning.
- **Finance:** Identify and implement revenue-generating endeavors for the district and address transportation personnel shortages
- **Curriculum:** Prepare for next round of curriculum implementation: 6-12 Math, K-12 Technology, 9-12 Business and 6-12 Family and Consumer Science; Review of 6-12 Social Studies, ELA, and Guidance; student engagement, Review High School Schedule and Recommend New Middle School Schedule, Student Mental Health and Implement AP/Dual Credit Initiative.
- **Communication:** Continue efforts toward transparency and openness with public and parents

Dr. Genco asked for questions from the Board on the district’s 2018-2019 goals.

**Board Member Inquiries/Comments on Briefing of 2018-2019 District Goals and Objectives**

Mr. Acevedo inquired about the bus garage and I may have spoken to you about this; our goal is to raise revenue and I know certain school districts cannot afford to do something with their garage; they don’t have the land or the resources. Is there a way it can be built where we could service Manchester or whoever would come in to make use of it.

Dr. Genco responded we would have to see how busy we are.

Mr. Acevedo stated let's say we have a facility where they can have a bus checked out or whatever it is we do on a certain schedule.

Dr. Genco responded that is certainly something we can do, there are a lot of things we have to jump through; we do have all of our own mechanics and they are Teamsters that work on our things, however, if it makes money and it is something worth looking at, we certainly will consider it Mr. Acevedo.

Mr. Acevedo stated I have a question on textbooks noting my mother worked for McGraw-Hill; they really get a big chunk on sales of textbooks. McGraw-Hill is a local textbook provider and a publisher. We make contact with them but do we use them a lot.

Dr. Genco responded quite honestly we use all of the publishers.

Mr. Walsh commented we are 80% of their business.

Mr. Acevedo stated if we make deals with Texas or whomever, let them know that Jackson will work with them so that we get a break.

Mrs. Licitra explained what happens with Texas and California is the state adopts a textbook and we do it differently in New Jersey, we have that autonomy where we use several different companies and again we go with who provides the best quality and we do a variable textbook search.

Mr. Acevedo stated so the final analysis is we're looking at books that mostly come from Texas.

Mr. Rotante stated we also look at textbooks through technology.

Mr. Acevedo stated I am just saying that anybody who deals with us, is there a way we would get a cost break out of it and maybe possibly going somewhere else. We'll go anywhere and we'll go with whomever, we'll make deals that way.

Mrs. Pormilli stated we do negotiate a lot.

There were no further questions/comments presented.

Dr. Genco concluded the Superintendent's report and turned the meeting over to Mr. Burnetsky.

### **Standing Committee Reports:**

- State and County School Boards Representative – Mr. Acevedo, Mrs. Rivera, Mr. Walsh  
*Mrs. Rivera stated there is a County Leadership meeting tomorrow to go over plans for 2019-2020. We also have leadership conference meetings scheduled for July 15<sup>th</sup>, August 1<sup>st</sup> and August 14<sup>th</sup>, 2019 in Trenton.*
- Parent Group Liaison – Mr. Burnetsky, (alt. Mrs. Dey)  
*Mr. Burnetsky stated the next meeting is in October 2019.*
- Special Education – Ms. Grasso, (alt. Mrs. Dey)  
*Mrs. Dey stated the next meeting is in September 2019.*
- Scholarship – Mr. Burnetsky, Mr. Walsh, (alt. Mrs. Dey)  
*Mr. Walsh stated we took a little bit of a beating on graduation day because there were no water sales but we're working on alternative fund-raising material to offset that. Our goal is to achieve \$160,000.00 next year.*

*Mr. Burnetsky commented you guys did a great job this year, I'm sure the kids were quite happy.*

- Buildings & Grounds – Mr. Colucci, Mr. Walsh, Mr. Burnetsky (alt. Mrs. Rivera)

*Mr. Colucci stated it looks like we're doing some vinyl siding on the modulars at Johnson and at Goetz and the stuff that we looked at for the music room, are we still getting proposals for that.*

*Ms. Richardson responded no, that's almost done and the sound panels are completed.*

*Mr. Colucci stated we were talking about the proposals for the irrigation system in executive session and to bring the original contractor back to evaluate the heads for the sprinklers to make sure they're functional and set in place.*

*Mr. Walsh asked about the other 2 fields for ball practice.*

*Mr. Ostroff responded the baseball and 2 multi-purpose fields on the right-hand side and then the field for band practices next to the football field will be done.*

*Mr. Walsh asked are you talking about those 2 fields across the street.*

*Mr. Ostroff responded no never, unfortunately I cannot get water over there; the allocation permit through the DEP won't allow it.*

*Mr. Colucci stated that is on the side where the transportation complex is going in.*

*Dr. Genco responded correct.*

*Mr. Acevedo asked do we still have problems with pebbles and stones on the fields.*

*Dr. Genco responded we do.*

*Mr. Colucci asked is the power out now on the site.*

*Mr. Ostroff explained we're restoring it each day; we're doing a disconnect at 7:00 a.m. and reconnect about 3:00 p.m.*

*Mr. Colucci asked do you think the work will be done by the 28<sup>th</sup>.*

*Mr. Ostroff responded I think the work is going to be completed tomorrow; they're better than 50% complete this afternoon.*

- Budget/Finance – Mr. Acevedo, Mrs. Rivera, Mr. Walsh, (alt. Mr. Burnetsky)  
*Mr. Acevedo stated none to report at this time.*
- Transportation – Mr. Colucci, Ms. Grasso, Mr. Walsh, (alt. Mrs. Dey)  
*Mr. Colucci stated I just drove by the new site and they're making good progress.*

*Mr. Ostroff responded they will have the skeleton complete in about 2 weeks.*

*Mr. Colucci asked Dr. Genco about staffing there once it's complete.*

*Dr. Genco responded that was built into the budget; ultimately we're not adding mechanics at this point.*

*Ms. Richardson explained we still have a mechanic's position that has not been filled yet. We're currently making plans on how we are going to split that department to make sure we have staff to keep the work going.*

*Mr. Walsh asked on another matter, with the ESIP schedule, is that on track.*

*Mr. Ostroff responded yes, we anticipate they will have the investment grade audit finished somewhere by the end of the summer. I anticipate the LED lighting and those kind of things to start taking place in the Fall.*

**PUBLIC FORUM – AGENDA ITEMS ONLY**

On a motion by Mrs. Dey, seconded by Mr. Walsh, the public forum was opened for agenda items only by acclamation.

There being no response; on a motion by Mrs. Dey, seconded by Mr. Acevedo, the public forum on agenda items only was closed by acclamation.

**RESOLUTIONS FOR ACTION**

**Board Member Inquiries/Comments on Finance**

Mr. Walsh inquired about Finance motion #6; the Atlantic Cape May County Joint Insurance Fund; do we supply money to that every year and whatever they don't use, they give it back to us right, the net surplus funds.

Ms. Richardson explained what happens is we're in a JIF and we pay so much money into it each year but if our expenses do not meet that amount of money, they retain it for us and we get it back at some point. This year and last year, we started getting approximately \$95,000.00 back to us so we roll it back in as part of the current year; we take \$95,000.00 off the premium cost.

Mr. Walsh stated that was going to be my next question, what would you do with that money and you answered that.

Ms. Richardson explained it is best just to reduce the annual cost.

Mr. Walsh inquired about Finance motions #8 and #9 which leads to some questions I have; with this Jasper Engines and Apple products, with this cooperative pricing, does that mean every time we have a new vendor, we always have to go through the process of voting on that vendor.

Ms. Richardson explained this is a consortium we're dealing with so we try to get you the best deal in buying through them; the law requires us to do that.

Mr. Walsh stated I noticed through the finances that with Jasper Engines, there's a \$100,000.00 payment and I'm guessing that is bus engines and bus parts because that's what Jasper does so we'll actually be buying them right through Jasper or will we be buying them through the consortium.

Ms. Richardson explained we can only buy from Jasper through the consortium. The consortium did the bid and had several bidders out there that bid on it and Jasper won the bid through the consortium so we're not able to negotiate from Jasper, they sell to us based on the price they gave to the consortium.

Mrs. Dey commented we use consortiums to get the best pricing.

Mr. Acevedo commented there are multiple schools in the consortium so would we be competing for the same items.

Ms. Richardson responded no; once they win the bid through the consortium, all members can take advantage of that price.

Board Attorney, Mr. Zitomer, explained it is kind of like the state contract, it's the same idea.

Mr. Walsh inquired about Finance motion #18, is that a separate busing company; do they do routes for special education.

Dr. Genco responded we have a student going in that direction so that would be like the Monmouth-Ocean Educational Services Commission for that area.

**FINANCE**

On a motion by Mrs. Dey, seconded by Mrs. Rivera, the Board of Education approved the following motions in block formation:

1. The Board of Education, based on the recommendation of the Board Secretary, approved the line-item transfers for the month of April, 2019.

**Document A.**

2. The Board of Education, based on the recommendation of the Board Secretary, approved the adjustments to the Federal and State Fund 20 Projects for the 2018-2019 school year for April, 2019.

**Document B.**

3. Pursuant to PL 2015, Chapter 47, the Jackson Township Board of Education intends to renew, award, or permit to expire the contracts subsequently awarded by the Board of Education, these contracts are, have been, and will continue to be in full compliance with all state and federal statutes and regulations; in particular, New Jersey Title 18A:18. et.seq, NJAC Chapter 23, and Federal Uniform Administrative Requirements 2CFR, Part200.

**Document C.**

4. The Board of Education appoints ECG Engineering, P.C., to provide Independent Energy Savings Plan Review and 3<sup>rd</sup> Party Measurement and Verification Services at a cost of \$200,000.

5. The Board of Education appointed Phoenix Advisors, LLC, Bordentown, New Jersey as Independent Registered Municipal Advisor of Record for Continuing Disclosure Agent Services for the period of July 1, 2019 through June 30, 2020 in accordance with the terms of the agreement on file with the Board Secretary.

6. The Board of Education approved the following Resolution:

Resolution Directing the Distribution of the Jackson Township Board of Education

**MOTION CARRIED**

**Board Member Inquiries/Comments on Programs**

Mr. Colucci inquired about a motion on addendum #1 and my question is for Mrs. Licitra; with that Atlas program, is there any other competition for that company, are you happy with them.

Mrs. Licitra responded there hasn't been any competition on the quality of that program or the abilities of that product. We first did research before we adopted it a few years ago and all the curriculum is web-based.

Mr. Colucci stated a 5-year contract seems pretty long.

Mr. Rotante explained there are over a thousand pieces of information in there with that company.

Mr. Colucci stated I don't mind spending money if you're happy with it; I saw there was no cost for professional development so they do that support as well correct.

Mrs. Licitra stated yes; our initial purpose was for 5 years but we are very happy with the program and would like it to continue.

Mr. Acevedo stated as to programs itself; this is the end of the year, do we reassess, do we get informed on what is being looked at.

Dr. Genco responded the curriculum cycle that we approve every year and what was just approved with the budget is what we're looking at now.

Mr. Acevedo asked would you highlight if any major changes.

Dr. Genco responded absolutely.

Ms. Grasso inquired about Programs motion #4, how are we determining what 10 transportation employees will attend the school bus safety seminar.

Ms. Richardson responded I know there is a criteria for it and don't know that off the top of my head but we choose 10 people and we turnkey it on to other people too.

Ms. Grasso asked so it is not just for who wants to go.

Ms. Richardson responded right.

Mr. Walsh inquired about motions #5, #6, #8, #9, the professionals who work with the kids over the summer, have we checked them, do we have security clearance, some of them will be working hand-in-hand with our kids; what type of security have they gone through; all of our teachers and staff have gone through security checks.

Dr. Cerco explained they have to go through the process of being a vendor for the school district and prior to that, they were identified by Lisa Koch through the process of programs and presenters who can provide services so she gets references and then waits for recommendations.

Mr. Walsh commented so they go through the vendor process.

Mrs. Pormilli explained professionals, especially with special education, have to go through a process and show their credentials as part of the vendor collection of information.

Mr. Acevedo stated this takes me back to a question I asked a long time ago; do we know who these people are, how do we know whether the vendor has been vetted or if they have a badge or something; are they cleared to start working with kids; I don't know who these people are that are roaming the district.

Dr. Genco responded they aren't just roaming the district; an administrator has made contact and they've talked to these people.

Mr. Acevedo stated again we don't know them; is there a way to identify a person is an outsider but working with us inside.

Dr. Genco stated an outsider cannot get in the buildings unless we know exactly who they are and they've been vetted or are walking in with an administrator.

Mrs. Licitra explained when someone is coming in; we group them and always have someone there when they arrive.

Mr. Acevedo stated if you have been approved entry, your background has been checked, not by just who you are but what you represent. I just want to be sure this person or persons that cross our doorstep have been checked out and not wandering.

Mr. Colucci commented they just described that process on how they vetted those people properly before they allow them to come into contact with our students.

Mr. Acevedo responded and what it is I need to know is that everything across the board has been done.

Mr. Colucci stated I just want to make sure you and I heard the same thing.

Mr. Acevedo responded no I didn't so thank you.

## MOTIONS CARRIED

## PUBLIC FORUM

On a motion by Mrs. Dey, seconded by Mrs. Rivera, public forum was opened by acclamation.

Mr. Mordechai Burnstein thanked the Board for allowing his congregation to use the Rosenauer school in Brookwood 1 on weekends for a little over 2 years. His congregations long term goal is to get their own place but this is working out very well and thanked the Board for being accommodating and also Mr. Polakowski, Ms. Koch and the custodial staff.

Mr. Burnstein went on to thank Mrs. Spence, Ms. Richardson, and Mrs. Tallent for always being there whenever there's a transportation issue. He went on to say there were definitely hiccups in the beginning of the year but, we always knew who to call or email.

Mr. Burnstein let the Board know he saw his picture floating around in a social media post; also one of the Board Members here and he wanted to point out the information that was on there, for the record, was completely false. He exclaimed that the post disturbed him. He applauds the Board and appreciates everything the Board does and he looks forward to working with a wonderful district.

There being no further response, on a motion by Mrs. Dey, seconded by Mr. Walsh, the public forum was closed by acclamation

**Board Comments**

The Board of Education, due to the time constraints of this meeting, postponed comments until the next Board of Education meeting.

**Board President Announces Adjournment to Second Executive Session**

Mr. Burnetsky announced the Board will adjourn to our second executive session to discuss contracts; employment of personnel-terms and conditions of employment; pending litigation; investigations and matters falling within the attorney-client privilege with respect to these subjects. This meeting is not open to the public, action will not be taken. The Board would reconvene at approximately 6:48 p.m. in the Public Meeting Room of the District Administration Building at which time action may be taken.

On a motion by Mrs. Dey, seconded by Mrs. Rivera, the Board adjourned to executive session at 6:28 p.m. to discuss personnel negotiations. It is anticipated that no action will be taken by acclamation. The Board would reconvene at approximately 6:48 p.m. in the Public Meeting Room of the District Administration Building to continue public session.

On a motion by Mrs. Dey, seconded by Mr. Rivera, the Official Meeting of the Jackson Township Board of Education reconvened in the Public Meeting Room of the District Administration Building in compliance with the Open Public Meeting Law and was called to order by the President of the Board, Mr. Burnetsky, at 6:48 p.m.
